

The Plinker

MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Capitol City Practical Shotgun Match

This match is based on the principles of multi-gun competition and most of the rules used are taken from the IMGA rules. I have modified them slightly to work with Capitol City rules, and to make it easier for new shooters to compete also. This is a fast paced competition where the goal is to complete the course as quickly and accurately as possible.

We will have four divisions that should accommodate everyone who wants to participate.

Open- pretty much anything goes, comps, detachable magazines , optics. If you can think it up (and its safe) bring it.

Tactical- Semi auto, No more than 8 rounds in the tube and 1 round in the chamber at the start. No comps, no optics, no detachable magazines

Pump- Same as tactical but pump action shotguns only

Cowboy- SASS rules apply.

The match fee is \$10 and until we have too many shooters we are going to allow multiple guns, ie. A single shooter could shoot in open and then pump. This will be an extra \$5 per gun.

I am going to keep the round count around 80 rounds for now and 7-1/2 promo (wal-mart) loads should work for most stages, I would bring a box of high base for longer shots or the possible MGM spinner.

The idea is to have this match turn into a 2 gun, pistol shotgun match where both firearms will be used for the courses of fire. I plan on moving in this direction later in the summer.

Come on out and give it a try!

Scheduled for the 3rd Saturday of each month, but watch the calendar as a couple of dates have conflicted and there won't be a match that month

I can be contacted at actionshooter@msn.com

High Power Rifle - March

It was a beautiful day in the High Power neighborhood, with seven riflemen turning out for the March CMP Service Rifle match. After the January snow & ice storm, this has been the first time we've had a service rifle match since last November. The first few *sighter* rounds blew out the rust from the barrels, and then we had some decent scores.

We had an even match field with three AR-15's and three M1A's. Fran brought out his new Springfield Armory M1A Super Match. He had to oil it down after everybody got done drooling on it. Tony Miner won the Prone Slow Fire, Prone Rapid Fire, and Sitting Rapid Fire stages, and then won the Match with a score of 482-17X. Gary Thorson won the Standing Slow Fire stage. Medals and Distinguished points went to the top three places, with an extra Distinguished point to each stage winner. Somebody needs to slow this Tony character down....

Following the CMP match we had our .22 rimfire *Rapid Fire Silhouette* match. We set up alternating orange and yellow metal silhouette targets, with 10 of each color at 25 and 50 yards, and 5 pigs of each color at 75 yards. The course of fire is – two shooters on the line, one for each color. Shoot as fast as you can until you knock all of your color down. Run through twice. The fastest time wins *Braggin' Rights*. Match winner was Gary Thorson with a time of 1 minute, 22 seconds.

Don't forget: The M1 Garand match starts the 2nd Sunday of each month, beginning on April 8th. After the M1 Garand match there will be a Lever Action / Single Shot centerfire rifle match – the course of fire is a mystery known only to Fran.

High Power Rifle - April

Thank you for the great turnout today – we had 15 shooters on the line. Sunny weather. Surplus rifles. Surplus ammo. Surplus shooters. It doesn't get any better than that!

Despite the fact that Tony Minerd *literally* had a target taped on his back (thanks to Harvey J), he pulled out another match win. Tony shot his Swiss K31, and scored 296-12X (out of a possible 300). Where did those other 4 go?

We had 3 new shooters come out today: Mike Pribbanow, Ron Round, and Robert Swift. Welcome, guys! We hope you had fun, and look forward to seeing you next time. We guarantee, the more you come, the more fun you'll have!

Following the Old Soldier's Match, we had our Carbine Match. Match Director Gary Thorson got everybody's anxiety up with a new course of fire – but it proved to be a lot of fun for everyone. The devious course of fire was:

- Come to the line with 2 magazines loaded with 10 rounds each
- At the command to fire, shoot 5 rounds offhand at 50 yards
- Then go to kneeling and fire 5 more rounds at 50 yards
- Then go to prone, do a magazine change, and fire 10 rounds prone at 100 yards
- Time limit for all this was 2 minutes.
- We repeated this course of fire twice, for a total of 40 rounds expended

And Harvey impressed us all by shooting the carbine match with a lever action Marlin 1894 in .38 Special. Harvey knows how to speed load a lever gun!

Here are the running points totals for the CCR&P Distinguished Rifleman. Tony Minerd passed the 20 point mark today to be the first to qualify as a CCR&P Distinguished Rifleman. Good shooting, Tony!

Good Saturday at CCRP

The day following Good Friday must logically be Good Saturday, right? That certainly was the case for us on April 7th because that was when nearly 50 Boy Scouts from three local troops collected at the Capitol City Rifle and Pistol Club near Littlerock to learn and compete in some of the skills essential to the mountain men of the fur trade era. And a good Saturday it was, indeed, with amazingly fine weather after a brisk and chilly beginning. Thanks to the diligent efforts of the Puget Sound Free Trappers and the Capitol City Bowmen all events, including muzzleloading, tomahawk throwing, and archery, went without a hitch. Total attendance at our "2012 Spring Hunt" was 49 scouts; 23 from Troop 226, 17 from Troop 300 and 9 more from Troop 317.

Four groups were created to stage thru the three separate events. The Washington State Muzzleloaders Association provided medals for the top competitors as well as furnishing resources for the Black Powder Range. Event winners were: Aggregate; 1st-Connor Simons, Tr 300, 2nd-Tore Lund, Tr 300, 3rd-Lucas Babcock, Tr 226. Rifle; 1st-Connor Simons, Tr 300, 2nd-Ian Allards, Tr 226, 3rd-Isaac Engle, Tr 300. Archery; 1st-Joshua Corwin, Tr 300, 2nd-Forest Grandorf, Tr 226, 3rd-Ben Ance, Tr 317. Tomahawk Throwing; 1st-Anthony Brooks, Tr 226, 2nd-Eli Ames, Tr 226, 3rd-David Bowker, Tr 226. Each activity group was provided a selection of blanket prize items to recognize their individual members. Excellent prizes, in addition to the medals from the WSMA, were donated by Wholesale Sports and Cabela's.

An extensive roster of the Free Trappers came early (to set up the ranges on Friday) and stayed late to score and reward the participants. Key members were Will Ulry and Craig Brown, both Range Masters. Tim Sampson and crew on the Tomahawk Range plus Sherrie Crisp, Ray Crisp and Bob Jamison on the Archery Range. Don Kerr and Glen Sutt in full period attire provided a demonstration of period flintlock rifle loading and marksmanship for each group. Then a full "brigade" of Free Trappers kept the rifles loaded and gave individual attention to each young shooter. After action comments from the several scoutmasters were uniformly positive and bode well for a repeat event in 2013 particularly with compliments to the weatherman.

For the record, not necessarily part of the report, twenty-eight Free Trappers were involved; Will Ulry, Craig Brown, Tom Brown, Doug Simpson, BO Brown, Tony Yaklich, Rowland Zoller, Glenn Sutt, Derek Sotelo, Kyle Sotelo, Kerry Sotelo, Tony Woore, Ben Woore, Chris Miller, Don Kerr, Mike Nesbitt, Tim Sampson, Frank Ponceroff, Dave Perry, Bob Wright, Julie Wright, Kent Dunn, Bob Jamison, Sherrie Crisp, Ray Crisp, Dave Dolliver, Tom Witt and Bob Gietz. While they are to be complimented and thanked, we must also thank those who offered the use of their rifles for this event. After all, without those rifles we could hardly have done any shooting. We'll plan in doing just as well next year.

Beginner Action Pistol Match—April 2012

While early birds had to scrape ice off their windshields to get to the match, the day quickly became a delight with temperatures in the 40s, then quickly to the high 50s by match end shortly after noon, cloudy skies became sunny—could we ask for more? Twenty-six competitors enjoyed a great match in wonderful weather, including five new shooters.

Preceding the usual match, we again had a single-action shoot with seven competitors. This has become a fun event for those months in lieu of a post shoot or the walk-and-shoot. And these multiple activities have really helped us all to increase our handgun skills. In the regular match, honors were taken by Dave Chalfant (Advanced), Tom Eardley (Intermediate), and by a new-comer, Gerry Champagne (as a Beginner). The best part is that everyone's skills advanced in the competition!

So, if you'd like to increase your handgun skills while having a great deal of fun, join us on the second Saturday of the month, at 8:30AM. Bring a center-fire handgun of 9mm or greater caliber, 100 rounds of ammunition, a hip holster (one that follows the line of the leg, not canted back for safety; no cross draw or shoulder rigs), eye and hearing protection. If you don't have any of these, come anyway because we should be able to loan you the items you need. Join us—the weather is always great for shooting!

Brian Keay.

"How is Ivan Lindgren?"

A couple of members have asked me "How is Ivan Lindgren?". I was in the area of his residence the other day and stopped. Ivan is pretty good. He is working on having a knee operation. That is probably one of the biggest things why he isn't doing gunsmith work any more. He has a lady friend and he looked good. He is still sharp as a tack. #2 thing is he has his metal lathe for sale. It is a Rockwell/Delta with a 36" center to center. It has a 1 3/8" head stock. Ivan is asking \$1,500. Give him a call 791-4607. Call if nya ain't buying just to shoot the breeze.
