

The Plinker

MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Sunshine and Shadows

A fine day it was; for gardening, walks in the park, or working on your tan. But bright sunshine coming right up range from behind the targets put all targets deeply in the shadows making our May muzzleloading match just a bit challenging. Nine Free Trappers arrived early on the first Saturday in May to share a cup of Reliable Tony's hot coffee and enjoy an otherwise salutary shooting day. This match was for rifles only with one paper target (the double-bullseye buffalo) for ten shots at 50 yards plus the first ten shots on the trail walk and the trail walk tiebreaker. For novelty several of the trappers posted their paper targets reversed and shot at the apparent locations of the bullseyes revealed slightly by the sun coming thru the paper. We really didn't compare their scores but shooting at the backs of the targets sure didn't hurt them. After a brief shooter's meeting the range phase was fired. A break was taken for scoring the paper targets with assistance from Tom Brown. Then the group divided into two parties to 'hit the trail' with suitable safety closure of the black powder paper range. The trail was unexpectedly difficult while shooting into the sun even after the respective targets were located. New spring foliage served as natural camouflage and simply seeing the bullet impacts on the steel targets was a challenge. Persistence saved the day, however, and the trail phase moved to conclusion with lots of comments about the detection and sighting issues.

Returning to the black powder paper range and accumulating the scores determined the aggregate scores for the day. Shoot prizes provided by the club to the top three shooters. Aggregate placing were; 1st-Doug Simpson, 2nd-Tim Sampson, 3rd-Ralph Birmingham, 4th-DeWayne Pritchett, 5th-Dave Perry, 6th-Mike Nesbitt, 7th-Bob Gietz, 8th-Jeff Ritter and 9th-Scott Isom. This concludes Muzzle Loading match until after the rendezvous season, when monthly muzzleloading matches will resume on October 3rd. June's activities include the Old West Centerfires Match (June 6th on the High Power Range) and Oregon Trail Days in Tenino (July 23rd thru 26th with black powder shooting on July 25th & 26th). Work day for Trail Clearing and Repair is scheduled for the third Saturday in August, which is August 15th.

Club IT and Security Notes

In recent months I've been working for you and our club on multiple fronts:

- Troubleshooting a range of problems with the club's old computer system
- Building out a new computer and printer system for general and administrative use
- Migrating necessary files and researching software products, problems, and solutions
- Creating a dedicated security computer
- Getting the gate and clubhouse card readers working and cooperating with the security software
- Making sure the security database accurately reflects current membership status, and making sure cards work properly

The problems have been numerous, some members have been inconvenienced (sometimes badly), and it has required extensive tech support from the security system manufacturer to figure out why the interlocking systems and components have been refusing to play well with each other.

I'm happy to report that we've made major headway. I apologize for the challenges that have arisen, keeping members from accessing the club when needed. But things should be working better now.

Members, if you have a problem, please let me know. I may not be able to leave work or family duties immediately, but I will respond as quickly as I can.

You can help me diagnose, and solve, your problem by

- a) taking careful notes about what you're experiencing and
- b) not minding when I ask you lots of diagnostic questions.

Contact me at 360-459-5683 with any needs or problems. Board members and match directors can contact me also at the numbers recorded in the club office. I have a few more tweaks to make to the system, but we should have smoother sailing now. Here's to a safe and secure summer for our club!

MEMBERSHIP DUES RATES

Dues and Renewal policies are effective September 1, 2003

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. **Membership fees**, collected at the time of the orientation classes are:

Annual dues **\$70.00** for the first member of each household and **\$35.00** for each additional eligible member of the household.

Initiation fee (one time) **\$80.00** for each household and a refundable gate card deposit fee of **\$10.00** for each member.

In addition, each member is expected to devote 8 hours of volunteer service annually or recruit two new members or pay an assessment of **\$80.00**.

NRA membership (required)

Orientation class (required)

(GUESTS: Members may bring their spouses and children under the age of 18 years old **as guests** as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)

NRA CLUB AFFILIATE BENEFITS

Free listing of events on NRA website; discount on range technician team & service; attorney referral service; non-legal advice for legal problems; NRA attorneys pro bono for national concern issues; eligible to apply for \$5,000 grant annually; \$10 reimburse for each new NRA member; \$5 reimburse for each returning member; "Club Connection" quarterly magazine; eligible for NRA firearms insurance.

Rinehart 100 3D Archery Shoot

Capitol City Bowmen reminds other CCR&P members that the nation's westernmost Rinehart 100 3D archery shoot will be at our club Saturday and Sunday, July 4 and 5.

All firearm and archery ranges will be closed for use from July 2 to July 5, 2015, for event setup and the event itself. This will include all archery and firearm ranges, parking lots, both clubhouses, and the property to the fence lines.

The kitchen, main clubhouse, and indoor facilities will be closed for general use with the exception of those working at the work parties, R100 kitchen crew, and other R100 work crews. Kitchen and indoor range will be used for potluck gathering for all guests on the evening of July 4, 2015.

Ranges will re-open on July 6 at 0800.

Come join other CCR&P and CCB members in one or both days. The event is open to archers of all ages, styles, and skill levels. You and your family can also join in the R100 work parties for annual assessment hours credit.

We are expecting the return of the Alien Queen target this year (great photo ops for you and your family!) plus 99 more 3D targets--50 each day on two challenging courses (North American and world safari).

See CCB's Web site and Facebook page for scheduling, work parties, registration details and more:
