MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Greetings CCRP Members!

The Board has reviewed and updated the club by-laws document, last updated and accepted in 2004, to reflect mostly minor changes and wording. Two items of note are in Article III, raising the age limit for full club membership to 21 to comply with Washington State law, and the addition of a new article, now Article XI, setting up provisions for an Incident Investigation Committee. Here is a list of changes:

The vote will be taken during the Friday, 02 December ember Board meeting, which starts at 7:00pm. **YOU MUST BE A VOTING MEMBER AND PRESENT TO VOTE**, accept or reject the whole document, and the majority of the votes cast at the meeting shall carry the decision. If accepted, it will be signed and put in force immediately.

Your Board has spent several months reviewing and editing the by-laws, and we encourage the membership to read the entire document which can be downloaded as a PDF from this link:

Members are always welcome at Board meetings, and we encourage participation by all. Please take a few minutes to read the proposed by-laws document, and join us on 02 December for the vote.

Thank you.

BB Gun Shoot

This years BB Gun shoot will be the 4th of December. All are welcome young and old. As usual we need some help and prizes. This year we only need one BB Gun. We had some late donations last year and got 5 BB Guns. So we only need one more. Of course we can use them next year just like these donations if we get extras. Remember only Daisy Red Ryder BB Guns are acceptable. We do need lots of prize donations. Everything is acceptable but kid things are most needed. Adult prizes are also needed. Surprising enough almost half of our shooters are parents, grandparents and others. The help we need is hot dog cookers, stat people, RSO's and work party members the day before on Saturday to set up the range. This is a fun event.

I have had some computer arguments so now I have a new E Mail address. Let me know if you can assist.

RSO's

I have been reviewing our RSO list. There are several folks that have not renewed or forwarded a copy of their card to me. A copy of your card needs to be filed with me before your Event Applications can be approved. The list has dwindled in the last few years. Our Hunter Education group is starving for RSO's. The introduction of NRA approved RSO's to matches has been a real good thing. Submitting your RSO cards with the application is fine. If you are waiting to submitting the application that's OK too. I do not always receive the cards if you send them to someone else. I get most cards by E Mail. Another thing is I would appreciate getting your E Mail address. When matches are short of RSO's I can request help through the e mail. I am including a copy of the present approved Event Application for those who need one. Also my new E Mail address.

Elections

December meeting is elections. There are some critical positions that need to be filled. We have generally had some one for each of these spots. Since we now have over 650 members it seems it is harder to have people step up. In the days of 100 members we had people that wanted to improve and run the club. I know that you are out there and see some areas that you would like to improve. Chris Moffett is working on filling those spots but you are remaining illusive. Contact Chris and or show up at the November meeting and express your desire. November is the last month we can accept nominations. It is sort of a joke that when we had a 5 member board we could always expect 5 at a work party. Now we have a 20 member board we can expect a 20 member work party. That is a joke for work parties but it isn't a joke for the board. We are starving for members that want to oversee the business of the club. During WWII the saying was "Uncle Sam Wants You". CCR&P wants you.

Careful

It looks like a few of us need to take care. First we have no 200 yard gong due to the use of armor piercing bullets. Gary Thorsen has been diligently repairing the gong until they were getting destroyed with piercing bullets. It stopped being chains being repaired but the \$75 gongs were being cut in half. We are working at getting one back but this abuse is over the top. At least 2 members are bringing their own. One member was generous enough to allow me to shoot on his. Thanks! It might work if say 6 of us would volunteer to repair the gong once a month. Let me know if this is something you might like.

Another issue is the use of tracer ammo. This one started a fire at the hi power range. I don't know for sure but I believe the shooter is the one that call the fire department. They did put the fire out. I guess you know the answer to this one. Remember this is your club the simplest things can cause harm.

Calendar Scheduling

Hello All,

It's that time of the year again to get your Event Applications in by the end of November. It's going to work a bit different this time due to the new Web Page and Calendar with it.

As I get the event apps. I will input them to the calendar and you will be able to see it and tell if there is a conflict with your event and someone else's. So Look before submitting and after I let you know I've entered it.

I won't be able to catch conflicts as easily as before. So it's up to you-all.

There won't be a Calendar Review Meeting this time. You're doing it on the web and will have to talk to one another and work it out. Then let me know.

This is the last time for me doing the calendar. I don't like the new calendar. So maybe someone with fresh eyes will love it.

At this point I don't see how it can be put into the Plinker or even print it out.

Doug

Hunter's Sight In

We have a lot of good shots around. At least the turn out showed they didn't need sighting on. It is a fairly short report. We took in \$55 in fees from 13 shooters representing 17 guns. With donations we had a total of \$102. That is it in a nut shell.
