

The Plinker

MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Lizards in the Club House

Every one of you that has used the club house for events has endured the cooler temperatures. It occurred to me that a Salamander might warm things up. Bob Jamison, the wise old bugger, has already thought of this. He has a salamander. I am sure they have other names for this heater. He has used his personal one to take the chill off for some events already. The board has asked me to get some prices for this reptile and see if it was something we really wanted. When I say salamander I am talking about a torpedo looking device that puts out 150000 BTU's. It is obnoxiously noisy. My thought was to turn it on a half hour before events and warm up the place 10+ degrees, which from 30 to 40 is a lot. Doing this at breaks and times acceptable might make it better. The one I am pursuing is propane. It has a thermostat. Hook up the fuel and flip a switch for instant heat. At the first go around it appears to be less than \$1000 installed. I am putting this article in the Plinker because it affects lots of member's usage. I would like to hear your thoughts about Lizards in the club house.

Hunters Education

The club has been a big supporter of Hunters Ed. I have a couple items you may assist our group. Out dummy ammo is wearing out. We need 50 rounds of .243, 30-06, 7 magnum. Also 40 rounds of 20 and 12 gauge. We are plenty willing to pay for new brass and needed supplies. In fact new brass is better and will last longer. Be sure you get in contact with me before you start there are some items the rounds have to conform to. Another item is our need for people. Friday nights and Saturday we are typically short handed. Helpers is a better term for the help we need. Practice stations are being cut because we don't have help. You don't have to be "A Certified Instructor" just a willing helper. We are always enlisting new instructors but our body count is dwindling and help is needed. Another benefit is you get assessment time for your assistance. Give me a call.

May 2018 Muzzle Loading Match Report

By Bob Gietz

As we drove into the grounds Saturday we passed through a full parking lot with the Horn Fair gathering of the Historical Gun makers Guild. So, there was a good crowd to enjoy the bright, calm day in the spring time woods. Eleven familiar faces were on hand for our shoot on the trail-walk. This came after a single relay shooting at the double-bull 50-yard target. And, getting things a bit out of order, this followed a brief Free Trappers meeting to provide a catchup on coming events because this was the monthly muzzle-loading match until next October. This meeting was brief because of the absence of the OTD and Many Rivers representatives, but we did mention, as reminder, the date for the Black Powder Trail Cleanup on Saturday, June 30th with Clarence Atchison as Rain dee Voo Booshway and Mike Nesbitt as the trail boss prepared to put things back in order and clear the shooting lanes. Oregon Trail Days dates were reminded as the fourth and last weekend in July.

Our course of fire for this day was rifle targets for the aforementioned ten shots on paper followed by dividing into two shooting parties for the first ten rifle targets on the Black Powder trail. Range security and paper scoring was handled by Tom Brown and Don Kerr.

Shooters donated prizes to the prize blanket to be awarded in the order of the aggregate made up of rifle paper and trail scores. Aggregate placings were; 1st -Bob DeLisle, 2nd -Mike Nesbitt, 3rd -Jerry Mayo, 4th -Frank Ponceroff, 5th -Tim Sampson, 6th -Clarence Atchison, 7th -Roy (Klatch!) Williams, 8th -Dewayne Pritchett, 9th -Phil Wiebe, 10th -Bob Gietz and 11th -Don Kerr (paper only). This was a rather expeditious run of events because by finishing our shooting before noon and it provided us with an excellent opportunity to visit the Horn Fair in the Clubhouse. There was certainly a fine display of powder horns for viewing plus some fine items for sale going along with this phase of our historical craft.

Coming events: Evergreen Muzzleloaders will shoot next Saturday, May 12th, starting at 0930 for rifles, and the next Old West Centerfires will be on the High-Power range on June 2nd.

Ricochet

I appears that someone has been shooting Ping Pong balls at the high power range. The Board has determined that we need to keep the bullets on the range. That is why we don't want ground targets. The ball *picked up had 22 holes in it. .22 caliber is famous for its ability to ricochet. Let's keep our ranges safe people. We like healthy and happy members. NO GROUND TARGETS.*

Gongs

I have another 8 or so club gongs for sale. They are \$40. They have a chain and are range ready. We have sold probably 40 of them and sales are slowing. We may not make another order of them till we actually have them presold. Let me know if you want one we will get one to you.

MEMBERSHIP DUES RATES**Dues and Renewal policies**

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. **Membership fees (taxes are additional)**, collected at the time of the orientation classes are:

Annual dues **\$70.00** for the first member of each household and **\$35.00** for each additional eligible member of the household.

Initiation fee (one time) **\$80.00** for each household and a refundable gate card deposit fee of **\$10.00** for each member.

In addition, each member is expected to devote 8 hours of volunteer service annually or recruit two new members or pay an assessment of **\$80.00**.

NRA membership (required)**Orientation class (required)**

(GUESTS: Members may bring their spouses and children under the age of 18 years old **as guests** as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)

NRA CLUB AFFILIATE BENEFITS

RSO List

Here is my latest up date for the club RSO list. If you have not renewed your card since 2016 I have dropped you from the list. I do know there are other RSO's but you have never forwarded that information to me. Adopting card carrying RSO's for all matches in the club is one of the best things the club has done. Whether or not they run matches or not is not as important as the club legitimately have a trained person on site representing CCR&P. Thank you all RSO's. This safety feature is a real and important asset to the club.

As an addition if someone is interested in this position on the Board let me know. The list has been updated and manipulated to make it user friendly. Its ready for a new Safety Officer for the club.
