  - A. .454
  - B. .480
  - C. .60
  - D. None of the above.

16. When are .22 rimfire firearms allowed on the Pistol Range?
  - A. Never.
  - B. Only on holidays.
  - C. Only on weekdays.
  - D. Only during authorized matches or events.
  
17. Why are muzzle control techniques more critical on the Pistol Range than at other CCR&P ranges?
  - A. The lack of formal Firing Lines.
  - B. The lack of permanent covered areas.
  - C. The distance to property line.
  - D. All of the above.
  
18. When can you have gun in hand on the Pistol Range?
  - A. When checking your firearm at your car or truck.
  - B. When checking the sani-can for 'varmints'.
  - C. Anytime you are on the range.
  - D. Only if you are on a Firing Line, the line is Hot, and you are facing the Impact Berm.
  
19. When can you Uncase your firearm? (choose the BEST answer)
  - A. At your vehicle.
  - B. Anywhere in the parking lot.
  - C. Only on the Firing Line.
  - D. Only on the Firing Line when it is Hot.
  
20. When you are Uncasing a firearm, where must the muzzle be pointed?
  - A. It does not matter.
  - B. At the ground.
  - C. At the sky.
  - D. Downrange towards the Impact Berm.
  
21. When Uncasing a firearm, when can you turn away from the Impact Berm?
  - A. When you hear your name called.
  - B. As soon as you have uncased it.
  - C. After you have safety checked and cleared the firearm.
  - D. After you have safety checked, cleared and holstered the firearm
  
22. Where can you load your firearm? (choose the BEST answer)
  - A. At your vehicle.
  - B. Anywhere in the parking lot.
  - C. Only on the Firing Line.
  - D. Only on the Firing Line when it is Hot.
  
23. Where must you case your firearm? (choose the BEST answer)
  - A. At your vehicle.
  - B. Anywhere in the parking lot.
  - C. Only on the Firing Line.
  - D. Only on the Firing Line when it is Hot.

24. If you see another shooter violating Pistol Range Rules, what must you do?
- A. Point out Pistol Range Rules to the other shooter.
  - B. Notify the Range Director or a Range Safety Officer about the incident if the other shooter will not correct the problem.
  - C. Both A and B above.
  - D. Nothing, it is not your problem.
25. What kinds of targets are allowed on the Pistol Range?
- A. Paper Targets
  - B. Steel Targets.
  - C. Bowling Pins.
  - D. All of the above.
26. What kinds of target frames are *discouraged* for holding paper targets?
- A. Steel frames.
  - B. Frames that blow up and make a mess, such as plastic pipe frames.
  - C. Both A and B above.
  - D. None of the above.
27. How close to the impact berms should target frames be placed?
- A. As close as possible, but always within 10 feet of the Impact Berm.
  - B. Within 15 feet of the berm.
  - C. Neither of the above.
  - D. Both A and B above.
28. What is the primary objective in placing your targets?
- A. All bullets must impact the berm.
  - B. Any potential glancing hits must impact the berm.
  - C. Bullets passing through a target must impact a berm.
  - D. All of the above.
29. How far back must the Firing Line be from any steel targets?
- A. At least 10 feet.
  - B. At least 10 yards.
  - C. At least 10 meters.
  - D. None of the above.
30. How far back must the Firing Line be from any bowling pins?
- A. At least 10 yards.
  - B. At least 25 feet.
  - C. At least 40 feet.
  - D. None of the above.
31. Why must you establish a Firing Line in a bay before you can do anything else?
- A. The Pistol Range does not have formally delineated Firing Lines.
  - B. You must have a Firing Line before you can uncase your firearm.
  - C. You must have a Firing Line before you can load and shoot your firearm.
  - D. All of the above.

32. What are the three main criteria for establishing a Firing Line?
- A. All shooters in any single bay must use the same firing line.
  - B. The Firing Line must be at least 10 yards away from any steel targets and/or at least 25 feet away from any bowling pins.
  - C. All targets must be placed so bullets will impact the berm if a bullet misses, glances off, or passes through the target.
  - D. All of the above.
33. What does the 180 Rule mean, basically?
- A. All bullets must weigh at least 180 grains.
  - B. No cartridge can exceed a power factor of 180.
  - C. You can not point your gun more than 90 degrees away from the Impact Berm in any direction.
  - D. If you weigh less than 180 pounds you must eat more Twinkies.
34. What is the *best* thing to do with packages, paper, etc. that you bring to the range?
- A. Throw them on the ground.
  - B. Throw them in the trash barrels.
  - C. Take them home with you.
  - D. None of the above.
35. When can you leave spent brass or casings lying on the ground?
- A. When it is too much trouble to pick them up.
  - B. Only if the casings cannot be reloaded.
  - C. If you do not reload and you are trying to be nice to the next guy.
  - D. Never.
36. What do you do with your target frames when you leave?
- A. Put them back where you got them if they are Pistol Range frames.
  - B. Take them home with you if they are yours,
  - C. Either A or B above.
  - D. Neither A nor B.
37. Who is responsible for ensuring you stay current with Pistol Range rules and policies?
- A. The Range Director.
  - B. Range Safety Officers.
  - C. You are.
  - D. None of the above.
38. Who do you report safety rule infractions to?
- A. The Range Director.
  - B. Any Range Safety Officer.
  - C. Either A or B above.
  - D. No one.
39. When is the entire Pistol Range Hot?
- A. Whenever anyone is shooting or about to shoot in any bay.
  - B. In August.
  - C. When all bays are in use.
  - D. None of the above.

40. The Firing Line can be declared Clear when: (choose the BEST answer)
- A. All firearms in a bay have been cleared.
  - B. All firearms in a bay have been cleared and holstered or cased.
  - C. All shooters are done shooting.
  - D. None of the above.
41. What is the difference between 'The Firing Line is Hot' and 'The Range is Hot'?
- A. There is no difference.
  - B. A Firing Line may be Clear when the Range is Hot.
  - C. The Range is Hot if ANY Firing Line is Hot.
  - D. Both B and C above.
42. When must the command 'The Firing Line is Hot' be given? (choose the BEST answer)
- A. Before shooters take guns in hand.
  - B. Before any guns can be handled on the Firing Line for any reason.
  - C. Both A and B above.
  - D. Neither A nor B.
43. When is Eye Protection required on the Pistol Range?
- A. Anytime the Range is Hot.
  - B. Only when the Firing Line in the bay you are in is Hot.
  - C. It is not if you have signed a waiver.
  - D. None of the above.
44. What is the single command that anyone may give at anytime?
- A. Cease-Fire.
  - B. Fire.
  - C. Shooters to the Firing Line.
  - D. Load and make ready.
45. What does muzzle control mean?
- A. Closely watching the muzzle of your firearm at all times.
  - B. Carrying firearms by the muzzle.
  - C. Always being aware and controlling where your firearm is pointing.
  - D. None of the above.
46. Which of the three bays is the longest?
- A. Bay one.
  - B. Bay two.
  - C. Bay three.
  - D. They are all the same.
47. How many Impact Berms are there on the Pistol Range?
- A. Three.
  - B. Four.
  - C. Five.
  - D. Six.

48. Where can you park your car or truck when you are shooting?
- A. Anywhere it is out of the way.
  - B. In the parking lot at least 50 feet away from any Firing Line.
  - C. On bay one.
  - D. None of the above.
49. What or who is the Range Director?
- A. A member of the CCR&P Board of Directors who is responsible for all activities on the Pistol Range.
  - B. An RSO running a match or event.
  - C. Any RSO.
  - D. None of the above.
50. Which firearms can NOT be shot on the Pistol Range under non-match conditions?
- A. .22 rimfire.
  - B. Rifles.
  - C. Shotguns.
  - D. All of the above.
