2004

The Plinker

MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Notes from the Prez

The web site is suffering from growing pains and most likely will not be back up and current until 2005. In the mean time each member will be receiving the Plinker via mail. As soon as it is up and running we will stop mailing to those who wish to visit the web site.

The Women on Target results are that we had 51 total participating. Interesting that we were on the radio, but several calls to the Olympian were of no avail as far as advance notice in the local paper!

Fence update: North and East border fences, three wires high and done, South line started and is three wires high going West past the Action Pistol range. It is not too late to join in on the fun! Most of our work is during the week so if you need to put in some time, here's your chance. Give me a call. Tools needed are a #2 Philips screw driver (for twisting the wire hangers) and or a hammer.

The December general membership meeting is just around the corner. There will be voting for several board of directors openings on the board. If any of you have an interest in being involved in helping to determine the direction of this club, keeping it alive and a great club to belong to, please give Bob Gietz a call at 360.273.7862 or Darrell Gehlsen at 360.273.8575

Can you believe it?

There were two pipes put on each of the 200 yard target bases to hold backers so the bullet holes are more apparent during several of our rifle matches. They were even painted black so they would not be so visible. Someone found them and proceeded to make a nice one-inch group of bullet holes in one of the pipes. There was a lot of work making and mounting these pipes and someone ruined one for no reason other than doing it.

We have to stop ruining equipment. Shoot your targets that are properly placed and or the gongs. Let's not let this get out of hand. There are several people that you never see, working to make this club a better place. If their hard work and plans are continuing to be damaged by people that do not care. They will quit planning and working and the club will start to deteriorate.

Hold Center
Jim Dotterer

Beginner/Intermediate Shoot

We had A total of 21 shooters turn out October 9th, including old time shooter Ron Lohman. Welcome back. We knew you couldn't stay away from us to long.

The weather was not that great, but we all had a great time. We had some interesting targets this time. There were friendly ghosts and some very stubborn pumpkins that did not want to fall over even with a 44 magnum hitting them. We also had some other pumpkins smiling at us that we had to put one bullet in each eye and one in the nose for an extra point and liners did not count. That sounds easy, but I believe only one person got an extra point for that course of fire and she only shoots once a month (Congratulation Kathy) She really showed the rest of us that shoot all the time. I am excited to see what the plan is for Thanksgiving. I am sure Mike won't bring those silly Pumpkins out again or maybe he will, or maybe a turkey either way I think we all will have a great time again just being with friends and family.

Hope to see everybody November 13th

CORPS OF DISCOVERY COMMEMORATION

Rain-Dee-Voo celebration this year will continue the Bicentennial commemoration of the Corps of Discovery. Commemorative Medallions will be available for the Puget Sound Free Trappers featuring the 2005 Journey across the Rockies. Silver colored medals will complement the set started in 2004. Medals will be available for purchase starting November 21st at the Free Trappers Turkey shoot and continuing at Board Meetings and events until the February Event. To obtain or reserve your medallions, cost: \$5.00 each, contact any Puget Sound Free Trappers or call Booshway Bob Gietz at 273-7862 or Segundo Steve Andrews at 352-3819. A Plains Rifle Muzzleloader will be offered for raffle drawing at the Rain-Dee-Voo with ticket sales also starting on November 21st. This rifle is custom created in the Hawken percussion half-stock pattern with iron furniture and poured nose-cap. Traditions components in .50 caliber, 1:48 twist were used in its construction.

PUGET SOUND FREE TRAPPERS

NOVEMBER 2004 TURKEY SHOOT

Sunday November 21st, 2004

Entry Fee \$10.00 plus optional \$5.00 value Blanket Prize Donation

Primitive Attire Bonus

Moccasins 5 Points

3 Clothing Articles 5 Points

Eye & Ear Protection Required

Black Powder Safety Rules in effect

Post and shoot in any order

Approximately ½ hour relays, Start at Noon

5 Matches planned, 2 Pistol, 3 Rifle

Figural and Novelty Targets

Re-entry events: Poker cards, Tomahawk throw

Prizes for each match, Overall winners plus aggregate blanket.

Questions? Bob Gietz (360) 273-7862

Free Trapper Steve Andrews with custom Muzzleloader to be raffled off at Rain-Dee-Voo 2005.

A.S.B. ARCHERY EVENT

Come have fun with your family. New or experienced shooters are welcome. No membership is required. Targets set up for your individual skill level. Held at C.C.R. & P. indoor range on the 2nd and 4th Fridays of the month- Gate open at 6:00 PM Event from 7/9 P.M. Fees: Sr. 17 and older \$ 8.00, Jr. 16 -11 \$ 6.00, cubs 10 - 6 \$ 3.00 All family members welcome. Adults must attend with children. Group rates can be arranged. Any questions? Call Barbara 360-458-5507 after 6:00pm.

MEMBERSHIP DUES RATES

Dues and Renewal policies are effective September 1, 2003

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. (All Life memberships are required to pay the \$15/member annual insurance fee.)

DUES RATE:

- Member (age 18+) \$70
 - Annual Assessment \$80*
 (*Member has 12 months to pay assessment.
 Member can pay with: 8-hrs. work, recruit 2
 new members, cash, or combination thereof.)

NEW MEMBERS:

- Initiation Fee \$80
 - Gate card deposit \$10
 - NRA membership (required)
 - Orientation class (required)

(GUESTS: Members may bring their spouses and children under the age of 18 years old as guests as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)

To join CCR&P, or any membership questions, please contact Rich Montecucco, at (360) 866-1880.

NRA CLUB AFFILIATE BENEFITS

Free listing of events on NRA website; discount on range technician team & service; attorney referral service; non-legal advice for legal problems; NRA attorneys pro bono for national concern issues; eligible to apply for \$5,000 grant annually; \$10 reimburse for each new NRA member; \$5 reimburse for each returning member; "Club Connection" quarterly magazine; eligible for NRA firearms insurance.

Minutes

Capitol City Rifle & Pistol Club
Board of Directors Meeting
October 1, 2004

Meeting began at 7:04 P.M.

Flag Salute

Attendance - Jim Dotterer called the roll. All Directors were present except Rick Baldwin, Tom Brown, Mike Iyall, Tom Holladay, Mike Nelson, Greg Squires, Bill Wright, Jeff Young and Jim Zobrist. It was determined that a quorum was present so the meeting continued.

Treasurer's Report - In Tom H's absence, Jim Dotterer reported the following account balances: checking account - \$3,211.53; money market - \$536.96; emergency fund - \$733.30; capital projects - \$2,834.89 and Homestreet investment - \$83,409.85. Jim also reported that taxes will be paid during the week of October 4th.

Membership Report - Rich Montecucco reported that current membership had stabilized at about 420 members.

Documents Received - Bob Gietz distributed flyers describing Rain Dee Voo 2005 Medallions that will commemorate the Lewis and Clark Corps of Discovery Bicentennial. Advance orders and reservations are available with a \$5.00 advance payment. For more information contact Bob at duck-freak@msn.com.

Nominating Committee - Bob G. reported that information concerning the committee and its efforts to identify prospective new directors had been placed in the October issue of the Plinker. Darrell Gehlsen was concerned because under the club's By-Laws members are elected as Directors and then the Directors confirm the newly elected Directors to their specific assignments, for example Vice-President. Jim D. agreed to discuss this point in his column in an upcoming Plinker.

Women on Target - Shirley Rheault reported on the recent Women on Target event. There were 24 Saturday participants and 27 on Sunday with total revenue of \$305. Total cost was \$608 which was covered by the \$700 grant previously reported. Of the 51 participants, there were 34 women, 6 girls (younger than 18), 7 men and 4 boys. Of the total of 51, 30 were first time shooters. The participation of only three individuals could be attributed to the club's booth at the Thurston County Fair. Jerry R. reported that some of the club's six revolvers, used in the event, were damaged and that he is salvaging parts to repair some of the damaged equipment. Rather than spending more money on the damaged equipment, Will Ulry suggested that the club purchase higher quality replacement revolvers. He moved that the club purchase two Ruger Single Six revolvers at the present time. This motion was seconded and passed. Shirley R. asked that the following individuals be recognized for their contributions to the success of this important undertaking: Doug Stein, Roy Williams, Dick Marcelynas, Rich Montecucco, Jim Ball, Terry Van Meter, Mike Nelson, Jeff Young, Mike Marrs, George Reichelderfer, Wiley Moore, Catherine Weed, Douglas Burt, Mike Jones, Herb Turner and Marie Heins.

Hunter Sight-In - Will Ulry reported that Hunter Sight-In went very well. More people participated (6-7 people each day). He said that a number of participants were veterans of recent battles in Afghanistan and Iraq.

Recruitment - Jim D. reported that his son had posted CCRP flyers at the Fort Lewis Adventure Center. Shirley R. reported that so called public service (free) ads had been forwarded for publication by "The Olympian", but that they never were published. Bob G. suggested that the club place paid ads in "The Olympian", but Jerry R. pointed out that the anti-gun stance of "The Olympian" might lead to paid advertising being placed in inconspicuous locations in the newspaper.

Future Participation at TCF - Jim D. raised the question "should CCRP again sponsor a booth at the 2005 Thurston County Fair." He proposed that hardware (i.e. guns) be replaced with taped displays. Extensive discussion followed. Bob G. suggested that the club rent booths at events such as at the Farmer's Market. Chris Moffet suggested that local fire district safety presentations might provide a venue for placing a CCRP booth and Dave Akehurst suggested gun shows as a possible venue. Bob G. pointed out that it is very difficult to invite members of the public to a private club, such as CCRP, and Will U. asked that a single sheet listing all club activities that are open to the public be circulated. Ray Crisp pointed out that a one day/year open house might encourage new memberships and Darrell G's wife suggested that the club place a reader board at the club entrance to announce all events that are open to the public. Chris Moffett volunteered to investigate various stratagems to foster recruitment.

Fencing - Jim D. reported that fencing along the North side of the property was largely complete.

Club House - Both the club house sliding door and the roof will require work. The door is so heavy, due to its plywood covering, that the header is sagging. Jim D. described one approach, using "Lexan", which would be lighter and yet still stop rimfire bullets and arrows. Bob Jamison reported that moss needs to be removed from the roof and any leaks identified. He volunteered to remove the moss, locate the leaks and get estimates on repairing the door. Dave A. volunteered to assist Bob in spotting leaks.

Web Management Team - Shirley R. reported on a meeting involving four volunteers who will assist in maintaining and updating CCRP's web site. Due to the need to learn the web site, the learning curve will last until January 2005. Both Bob G. and John Cadoo pointed out the need to ensure that web materials are accurate and timely.

Open Gate Problem - Some members have been leaving the swing gate open so that gate's combination has been changed. Better to use the sliding gate unless an event is scheduled.

Work Assessments - Jim D. reported that club member Tad Tower of TNT Exterminators (360-459-7173) will trade pest control in and on CCRP buildings for his assessment. Let's support our members. It's a good exchange for us all.

Historical Gunmakers Guild - Bob G. reported forwarding an event application form to the Historical Gunmakers Guild. The organization is seeking a location to conduct training for its members, about 35 to 40 individuals on August 24 through August 28, 2005. After some discussion, it was agreed that the guild would be charged \$200 if they apply. Also, since some black powder shooting will be required, each participant will need to complete a "Release from Liability" form as in any other shooting event. If there are no other Range Masters present, Bob indicated that he would be responsible for that function.

CWD Seminar - Ray Crisp asked to schedule a seminar for the "Eyes in the Woods" organization on October 13th from 7:00 to 10:00 PM. With sponsorship by the Washington Department of Fish and Wildlife, the seminar is designed to train folk in how to remove the brain stem from game to determine if the animals have Chronic Wasting Disease. Although an Orientation Class is also planned for that evening, Bob G. agreed that both activities could take place without conflict.

Adjournment - The meeting adjourned at 9:03 PM

Respectfully submitted,
John C.

Steve May Action Pistol Range

If you want to take the Steve May Action Pistol Range certification course (scheduled for the 3rd Saturday of every month from 8:00 - 12:00 noon) you need to contact either Ron Morton (360) 273-5363 or Mike Turner (360) 456-6600 preferably a week in advance.

The 3rd Saturday schedule is tentative! If no one is pre-registered the class will be cancelled -- don't just show up.

Women on Target

By Shirley Rheault

After three years the Ladies Plinking Picnic's returned to Capitol City Rifle & Pistol Club; with a few minor changes. To reduce the amount of work involved in the event I decided to remove the "picnic" part. However, without a picnic I had to change the name of the event, which became "Women on Target."

Another change was to go "co-ed" for one day. The format for the Ladies Plinking Picnics allowed women to bring their daughters, but not their sons. The old format did not allow for dads to bring their daughters, and first time men shooters.

When I first heard about this phenomenon, that there are adult men who had never shot a gun before, I was amazed to think it could be true. So, for all the above reasons I decided that one day of the event be dedicated to first time men and boys shooters the opportunity to learn to shoot guns safely and accurately.

My fondness for this event comes from seeing the increase of moms as single parents in our society. The obvious attraction for teaching firearms to "moms" is their increasing need to be the protector of not only themselves, but of their children, as well. However, bigger than this is the fact that boys, and often girls, don't have the dads who, in prior generations would take them out and teach them how to shoot guns. At first glance that may not seem like a big deal, but it is!

Single mom families are the log jam for the firearms sports. Women, in general, are not attracted to machinery, and guns are very mechanical. That is why there are so many adult women who have never shot a gun. Moms by their nature don't take their sons or daughters out to show them the ropes of how to handle a gun for the simple reason that they themselves have no interest in it. Pretty soon we will have a generation of children who've grown to be adults and have never shot a gun before. Couple this with the anti-gun spin and paranoia the anti-gunners propagate, and the viewpoint that guns are bad, bad, bad will grow in staggering proportions.

The good news is more women have been getting into the shooting sports in the last five years. Not only are they doing well; they are knocking the socks off the guys in competition. (Admit it guys, you love and respect us anyway!) Slowly, women in the shooting sports are beginning to get some notice in the general public, and that is a good thing for women to see and be curious about.

After September 11th our whole country has awoken from its slumber to realize they, John and Jane Q. Public, need to be responsible about protecting themselves, individually and personally. More and more women have swallowed hard and stepped up to the challenge of being responsible for their protection against threats that have always been real, but had been readily ignored.

There is a swell of young women whose interest in shooting has been piqued. They now realize that a .38 caliber Smith & Wesson equalizes the playing field between her and a 350 pound hoodlum like nothing else. Just the fact that brandishing a gun in a threatening situation deters an attack 98% of the time where no shot is fired at all is very impressive, and comforting. Even the punk who's out for a thrill kill thinks twice (is that an oxymoron?) when his opponent is armed and is no longer viewed as the helpless victim.

I look at this as an opportunity, the silver lining in a black cloud. Now more than ever we need to be encouraging women, especially moms, to get out and take a class to learn how to safely shoot a gun. We need to loosen the chains around the view the next generation will have about guns, and now is the perfect time to start.

In 2005 we will put on the Women on Target events again. They will be held one weekend in July and one weekend in September. The Saturday's will be "women-only" classes, and the Sunday's will be "co-ed" classes. The dates will be announced soon. Remember, we will need lots of great instructors and you can use this time towards your assessment hours. Call me at (360) 866-4900 and let me know if you're interested. *Continued on page 6.*

Wiley Moore instructing first time shooter Leslie Boback.

Women on Target *continued from page 5*

There are other great places to direct these gals to take classes, as well. The Firearms Academy of Seattle (located in Onalaska outside Chehalis) offers a free 5-hour handgun safety seminar one Saturday per month, February through November. They cover the legal parameters such as justifiable homicide, as well as an afternoon on the range instructing on grip, stance, as well as how to shoot safely. Call them at (360) 978-6100.

Marksman Gun Shop & Pistol Range in Puyallup has handgun fundamental classes and conceal carry classes, as well as gun rentals. (Renting is a great idea to do before taking the plunge of purchasing.) Their phone number is (253) 535-4363.

Another great place is Bull's Eye Shooting Range in Tacoma (this is a separate business from the store). They offer basic handgun classes and marksman training classes. They also have rental guns and it's where I went to figure out what kind of semi-auto handgun I wanted before I purchased. Their phone number is (253) 627-2855.

On a closing note I just want to say the 51 women and guys who participated in the Women on Target event September 18th and 19th were awesome! There were so many perfect scores (50/50) they not only amazed themselves but me as well. I owe their success to our great instructors. For without them this event would literally be nothing.

A Note of Special Thanks

I want to say a special thank you to all the instructors who volunteered to come and help instruct new shooters in the Women On Target event. You were all awesome!

They were: Roy Williams, Dick Marcelynas, Rich Montecucco, Mike Nelson, Jeff Young, George Reichelderfer, Wiley Moore, Doug Stein, Terry Van Meter, Mike Marrs, Catherine Weed, Douglas Burt, Mike Jones, Herb Turner, and Marie Heins.

BOARD OF DIRECTORS NOMINEES

The nominating committee has selected the following as candidates for the CCRP Board of Directors:

For Three year terms: Dave Akehurst; Rick Baldwin; Ray Crisp; Tom Holladay; Rich Montecucco; Bill Steigner; Bill Wright. For Two year term: Steve Andrews

Nominations will be accepted from the floor at the annual meeting on December 5th. The directors will hold elections from their number to determine the Executive Committee Officers: President, Vice President, Secretary, Treasurer, Safety Officer and Training Officer.

THINKING ABOUT THE 2005 CALENDAR

Hello fellow club members, event holders, match directors, range directors, and board members! I want to bring to your attention that 2004 is coming to a close (I'm sure you all thought it was still summer!) and it's time to turn your thoughts to 2005. Of course, I'm referring to upcoming events. For anyone desiring to hold an event in 2005, it would be greatly appreciated if you could have your event applications completed and turned in to the Safety Officer by November 14, 2004. This gives you two WHOLE weeks to fill Will Ulry's arms with paperwork! This does include those events and matches that are held every year, year in and year out. This will facilitate getting the 2005 calendar completed in a timely manner so that it will be ready for publication in the Plinker in January 2005 and posted on our website possibly by the end of December 2004 and certainly in January 2005. The official "Event, Match, & Range Directors 2005 Calendar Meeting" and CCRP wrestling match is scheduled for December 1, 2004 from 7:00pm to 9:00pm in our Clubhouse. Any events or matches not scheduled by that meeting will take second, third, or fourth place to anything already on the calendar.

Thanks to all of you who have kept me on my toes and provided those essential sets of eyes to keep the calendars as free of errors as possible. I'm looking forward to doing next year's calendar.
