The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Welcome Alan! And Thank You!

It was about Christmas time, 2009 and I wanted to get a gun for shooting. Did not really know much, but went to Cabela's to take a look. When I was there, I came across a really nice person at an information booth for a Gun club called the Capital City Rifle and Pistol Club. It sounded very interesting. The only place that I went shooting with a friend of mine, with a borrowed gun, was at a place up in Tacoma. I won't say the name, but I was glad I had a gun to get from the car to the inside of the building with out being robbed. It was a very seedy place. And it ran quite a few bucks to shoot there. Anyway, I decided to go to a new members class in about April. Very nice people there. I was shocked when I found out all the things that were going on at CCRP club. I figured out it was just a place to burn ammo. Boy was I wrong. Since then I have meet very nice people, did action pistol shooting and now getting ready to do the bulls eye shooting in the fall. This club really has a lot to offer. I was off work last week and decided to go out on a weekday morning to shoot my Henry .22 rifle. I live in West Olympia in a beautiful subdivision. But of course our houses are 8 feet apart and a lot of concrete side walks. Nice, but not like getting out in the woods. Anyway, I was sitting at the black powder range all by myself, the sun was out, it was a beautiful day. Then a deer walked up to me and just watched me. We are fortunate to live in the Pacific Northwest and have a club like CCRP. Please take care of it for yourself and others. Leave the club a little cleaner and nicer than when you came in so we can all enjoy it for many years to come.

NRA Headquarters Museum

I just returned from Fairfax, Va. where you may already know, is the home of NRA headquarters. While in the area I visited the NRA Museum. Any one visiting that area of the country would benefit from a visit to the museum. There seems to be every gun type ever made there. For those interested and can't be in the Va. area, just go to the NRA website and click on the museum, then just sit back and enjoy firearms that you wish you had. I know that I was drooling profusely as soon as I saw the first display and it didn't let up the whole time I was there. Frank Ponceroff

Interested in bullet casting?

Are you interested in an opportunity to learn from other club members about casting lead bullets? Jim Dotterer and Fred Bartley have offered to share their knowledge of bullet casting. I did spend an evening with Fred recently who was gracious enough to let me cast, size and lube some bullets for my .357 magnum. Thanks Fred, that was fun. If you are interested in trying your hand at casting, give me a call or send an email and we will see what we can come up with.
