MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

You'll Shoot Your Eye Out

Our BB Gun tournament was as fun as ever. This year 30 shooters brought their 1938 Red Ryders to the line to test their skills. There were 19 youths and 11 youngins under 76. There were another 11 assisting with scoring, Stat work, cooking Hot Dogs, RSO'ing, movie and other needed duties. I really appreciate those who lent the help. Our cooking staff had hot chocolate and hot dogs for all. After the Christmas Story movie we shot off the Candy cannon before prizes. We had 4 donated Red Ryders this year and plenty of other prizes for all. The overall Match winner for the Leg Lamp and BB Gun was Carson Edminster with a score of 98. Carson is 11, and if I might add, he is my grandson. Don't challenge him to a black powder shoot either. The adult category for the trophy and BB Gun was Gary Baldwin with a score of 97. Under 16 went to Dustin Smith, under 10 went to Ian Tocher, under 8 went to Charlie Comisky. There were no under 6 entries this year. Jerry Cunning, Charlie's grampa, said Charlie was still beaming about his victory Monday after school. Balloon target winners were Laura Lee Moore, myself and Gary Baldwin. Fly target winners were Robert Greenman, Ryan Jeisvik and Gary Baldwin. Bowling Pin targets went to Eric Moore, Ian Tocher, Laura lee Moore, Riffe Holmes and Parker Hansen. There were some side matches also which I did not get all the results but one young man shot a perfect "W" in our Annie Oakley match. All had fun. As a side note match fees will have to go up next year. We didn't quite pay expenses this year.

Five Frosty Free Trappers

Friday, December 6th, saw a valiant group on hand to set up the black powder range. Having invested their time to arrange the revels, the same five came back the next day to enjoy the fruits of their labors even though it had gotten even colder overnight. Four active shooters were enabled by Reliable Tony for the essential warming fire and indispensable coffee for the shoot. Prior to the shoot Rain-Dee-Voo Boosway Tim Sampson came for a brief Free Trappers' meeting. Considering the likely poor or unkept condition of the range after logging, it was decided to schedule extra work days for range repair. January 18th will be for re-establishing shooting stations and evaluation of any target restoration needed with Saturday the 25th and Sunday the 26th planned for the necessary target work. More reminders to come. Order of fire for the day was revised to eliminate the trade gun flyers, just to save a little time. With frequent resort to the stove to thaw fingers, the match results were as follows: Luck Targets; Turkey head-Frank Ponceroff, Deer figure-Mike Nesbitt as the best of three excellent hunting shots based on tiebreaker. Individual awards: Trade Gun (only two) 1st-Don Kerr, 2nd-Mike Nesbitt. Pistol; 1st-Mike Nesbitt, 2nd-Don Kerr, & 3rd-Frank Ponceroff. Rifle; 1st-Don Kerr, 2nd-Mike Nesbitt, & 3rd-Kent Dunn. The day's Aggregate; 1st-Don Kerr, 2nd-Mike Nesbitt, 3rd-Kent Dunn and 4th- Frank Ponceroff. (Note these last results differ from those at the time of blanket awards due to the scorer's frosty finger and hasty writing.)

High Power Shooters

Sunday, Nov. 24 was cold and foggy. But we still had 6 hardy souls show up for the last CMP/NRA Service Rifle match of the year.

We want to extend a welcome to first time shooter Gentry Taylor. Gentry's daughter is a member of the junior team, so Gentry is not unfamiliar with our range. But this was his first time trying our high power match. It takes a few times to get the hang of what we are doing, so keep coming back, Gentry!

It was so foggy in the morning that we couldn't see the 200 yard line. Waiting for the fog to lift was a futile effort. So we ran the .22 rimfire rapid fire silhouette match first. At least we could see to 75 yards. We had a minor "timekeeper" malfunction on one of Rod McDonalds's strings, but he still turned in the fastest time to win the match.

After the silhouette match, the fog cleared just enough that we could see the black at 200 yards, and most of us could see the scoring rings and numbers through our spotting scopes. But all you really need to see is your front sight post anyway, right?

Fran Huntington proved that you don't need to be able to see anything to run up an impressive score. Fran handily won the match, and took high scores in rapid prone (99-1X), rapid sitting (99-4X), and offhand (93-1X). Great shooting, Fran!

Ken Horton had a malfunction with his FN FAL, and didn't finish. (Buy American, Ken).

Be sure to come out on Sunday, Dec. 22 for the final Old Soldier Match of the year.

Also, starting in January, after each high power match we will be holding our "So you think you're a Sniper, huh?" match. Bring out your favorite Sniper rifle. As a reminder, here's how it will work:

We will hang a 6-inch gong out at 200 yards. (That's 3 MOA, piece of cake) Shooters will each ante up with \$1.00.

You can use any kind of rifle you want, any kind of sights or scopes. We will shoot one at a time at the gong, and record the hits. You should only need about 10 rounds of ammo. Well, maybe more.

You will have 15 seconds from the "Fire" command to load and get off your shot.

First position will be **prone**. We will run through the line 3 times in prone position. You can use a sling, a bipod, or a rucksack to rest your rifle on in prone. **HOWEVER**, if you use a bipod, it must remain attached to the rifle for sitting and standing positions. If you use a rucksack, you will wear it for sitting and standing positions. If you use a sling, you can't get into your sling until the Fire command is given.

There will be no other forms of support. There will be NO using the shooting benches, no bench rest equipment. These are "field expedient" sniper positions.

Second position will be **sitting or kneeling** (your choice). We will run through the line 2 times. (or we might make it sitting **and** kneeling if people don't miss enough)

Last position will be **SUPPORTED STANDING**. You can lean on or rest your rifle against one of the roof support posts on the firing line.

Everybody will get a chance to shoot 5 shots.

Highest number of "hits" wins the pot. If we have a tie after Supported Standing, those with tie scores will go into a sudden death shoot off from **Unsupported Standing**. When you miss, you're out. Last man standing wins the pot.
