# The Plinker

## MISSION STATEMENT

*The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.*

## JUNE 2014 OLD WEST CENTERFIRES

The “Sharps shooters” gathered at the High Power Range on June 7th to compete and continue accumulating scores towards the seasonal aggregate. The course of fire included 20 rounds from the “buffalo guns;” 5 shots at 50 yards, 10 shots at 100 yards, and 5 more shots at 200 yards. Will Ulry’s big and obvious shooter station numbers were available but Don & Mike still exchanged shots! Scott Isom assisted on the range and Karl Buckwalter and Bill Wirtaanen were interested visitors. Shooting skills are still improving and the spread in scores is excellent testimony thereof because only 17 points separate first from last place. Weather was essentially benevolent with some targets in the sunshine while others were in the shade.

Results, in order of Aggregate Score were:

Name	Rifle & Caliber	50yd	100 y	200 y	Total
Kent Dunn	Pedersoli Sharps .45-70	49 3x	97 6x	45	191
Bob DeLisle	Pedersoli Sharps .45-70	47	96 x	44	187 x
Allen Cunniff	1874 Shiloh Sharps .45-90	48	96x	39	183x
Don Kerr	1878 Lyman Sharps .45-70	47x	85x	45	177 2x
Mike Nesbitt	1874 C. Sharps Arms .44-77	46 x	95 2x	36	177 3x
Will Ulry	1874 Shiloh Sharps 45-70	39	89 3x	46	174 3x

Note: Placement shown is as it was announced at the range. The Range Director incorrectly looked at higher score at longer range rather than the number of “x’s.” Mike Nesbitt should have been recognized for 4<sup>th</sup> place and Don Kerr for 5<sup>th</sup>.

Aggregate prizes for all places were provided by C Sharps Arms through Mike Nesbitt plus a donation from Allen Cunniff were a variety of Sharps-themed prints and C Sharps Arms coffee cup. Our club provided Meat prizes for the top three scoring riflemen.

## June M1 Garand Match

We had a light turnout for the June M1 Grand Match. But to augment our 6 shooters, we had 3 does, 1 buck, and a robin intent on feeding worms to her babies in a nest in the rafters at the firing line. That made for quite an interesting morning.

We had a close match for 1<sup>st</sup> and 2<sup>nd</sup> place. Gary Thorson took the win with 371-3X, and Tony Minerd was in a close 2<sup>nd</sup> place with 367-8X. With only 5 shooters completing the match, medals went to the top 2 places.

To commemorate the 70<sup>th</sup> anniversary of the Normandy Invasion, where more than a few M1 Garand's came ashore, Gentry Taylor performed a little known, and quite rare M1 maneuver known as an "Oprod Dismount". To perform such a maneuver, the shooter initiates the following sequence of events: pull the trigger; firing pin strikes primer, primer ignites power, powder turns to high pressure gas, gas expels the bullet out the barrel and simultaneously forces the operating rod to the rear, operating rod inadvertently disengages from the bolt, leaving the bolt in battery with the expended cartridge case still in the chamber. That is the infamous "OPROD DISMOUNT". Not to be deterred, Gentry set his M1 aside for later disassembly and reassembly, and finished out the match with his scoped Sniper Challenge AR-15.

Four shooters also shot the Bolt Action match. The other 2 are apparently feeling the effects of scarce reloading supplies and high priced .30-06 ammo. Gary Thorson decided to actually play fair this month and shoot a legitimate bolt action rifle, a U.S. Model 1903-A3 Remington. Gary won the match shooting 367-8X. Not to be outdone, Jason Koppelberger got everyone's attention shooting his custom Mosin Nagant with a fiberglass stock, cut down barrel, scout scope, and custom paint job. This is a true hand held artillery piece, with the roar of a cannon and a fireball 2 feet out the muzzle! It was pretty hard to score a burnt target.

Following the match, we had our Sniper Challenge. Gary Thorson won the pot hitting 5 for 5 on the 6-inch gong at 200 yards. This is the first time anyone has cleaned 5 for 5 in the Sniper Challenge.

Gary Thorson, 1<sup>st</sup>, 5 hits (AR-15 with scope)

Gentry Taylor, 2<sup>nd</sup>, 3 hits (AR-15 with scope)

Gary Baldwin (M1 Garand), Tony Minerd (1903-A3), and Jason Koppelberger (FN Police Special with scope) all had 1 hit.

## Old Soldier Match

We had a good turnout of 11 riflemen for the June Old Soldier Match. And we had some really good shooting going on. Out of a possible 300 points, seven shooters scored above 275. Good shooting, guys! Tony Minerd became the 3<sup>rd</sup> shooter to achieve CCR&P Distinguished Rifleman by earning 5 points in the match, putting his total for the year at 21. Congratulations, Tony! Gary Baldwin narrowly missed it, and currently stands at 19 points. Tony also brought his friend Curtis Duning to shoot his first high power rifle match. Welcome, Curtis. Curtis was energetic enough to make a couple of extra trips down range to chase deer, and fix a malfunctioning 6-inch gong. The Match Director would like to publicly state, just for the record, that sending the new guy down to chase the deer is NOT match policy, an initiation, or some form of rite of passage. But it's not a bad idea, and the old guys sure do appreciate it!

Conspicuously absent from the match was Fran Huntington, and everybody was asking where Fran was. It was reported (but could not be independently verified) that Fran's personal assistant over-booked his social calendar. Sounds like someone has an issue with setting proper priorities.

We had an additional visitor at the match: Mike Dorsett. Mike recently moved to the Olympia area from Bainbridge Island, and was interested in shooting at the club. We found out that Mike owns an M1 Garand. So, Mike, we hope you show up for the M1 Garand Match on the 2<sup>nd</sup> Sunday of July.

Mike & Curtis – see the attachment for the high power match schedule and the match descriptions.

In the "So you think you're a Sniper, huh?" challenge, Ken Horton won the pot by hitting 4 out of 5 shots on the 6-inch gong at 200 yards.

Ken Horton – 4 hits  
Gentry Taylor – 3 hits  
Gary Thorson – 3 hits  
Gary Baldwin – 2 hits  
Tony Minerd – 2 hits  
Harvey Gertson – 2 hits  
Joe Jauquet – 1 hit

We wrapped up the day with the .22 rimfire rapid fire silhouette match. To try to compensate for a few minor malfunctions and jams, we combined the times for the two strings for a total score.

## **Capitol City Bowmen is announcing Rinehart 100 3D shoot July 5 and 6**

R100 is of special interest to CCB members...but also to CCR&P members given that

**ALL FIREARMS RANGES WILL BE CLOSED from July 3 to July 6.**

Also, R100 is a public event, so if you're a CCR&P member but not a CCB member, bring out your family and your bows for one or both days of this fun and rewarding event. Go to <http://r100.org> for registration information.

Last year the R100 drew 427 registered shooters, and we expect that number to go up this year.

Note that R100 work parties are now slated for June and early July. Look online for the dates and times.

Watch CCB's Web site and Facebook page for more details.

## May CMP Match

And then the rains came... about an hour after we were done with the May CMP Match. We had eleven shooters and three deer participate in the match. The Rapid Fire Prone stage was quite exciting. You can go out hunting and there won't be a deer to be found within miles. But come to CCR&P, line up 11 guys with semi-auto rifles, send 110 rounds down range in a minute, and they walk right out in front of you. We called a quick "Cease Fire!", and fortunately the doe wasn't hit. The first time I pulled targets in the pits, it was a bit unnerving hearing the bullets make that sonic CRACK! over your head. It didn't seem to faze the doe one bit. She just stopped to eat grass. After clearing the line, and sending someone down range to coax the deer into the woods, we continued with the Rapid Prone string. Then, when walking down to score targets, we noticed the other two up at the top of the 200 yard berm. When 11 guys got within 50 yards of them, they moseyed over the top.

But that wasn't the only excitement for the day. We made a little of our own. Tony Minerd shot his AR-15 Match Rifle to take the high score in 3 out of 4 stages, and post the match high score of 482-14X. Good shooting, Tony!

The other 10 shooters competed in the Service Rifle class. Fran Huntington took the match win shooting an AR-15 for 469-6X, and shot a 93-1X in Slow Fire Standing to actually beat Tony! Medal winners in the Service Rifle match were:

Fran Huntington, 1<sup>st</sup>, 469-6X

Gary Thorson, 2<sup>nd</sup>, 460-8X

Rod McDonald, 3<sup>rd</sup>, 443-10X

Bill Englund, 4<sup>th</sup>, 430-5X

Ken Horton, 5<sup>th</sup>, 410-4X

Bill Englund is making strong improvement with his newly acquired AR-15. Lucas Luttermoser is also making good improvement on his 3<sup>rd</sup> ever high power match. Put the pressure on those front runners, guys!

Following the CMP Match we had the Sniper Challenge. Gary Thorson took the pot hitting 4 out of 5 shots on the 6-inch gong at 200 yards.

Gary Thorson – 4 hits

Gentry Taylor – 3 hits

Ken Horton – 2 hits

Harvey Gertson – 2 hits

Gary Baldwin, Jason Koppelberger, Fran Huntington, and Bruce Fockler all had 1 hit each.

Finally, we shot the Carbine Match on the "5V" targets at 50 yards. Bruce Fockler shot the match for the first time with a newly assembled AR-15 M4 carbine "parts gun". Bruce took the win, edging out Fran Huntington by 2 V's, 188-4V to 188-2V. Bruce was all smiles; he likes this game! But Fran has nothing to be disappointed about considering that Bruce's AR is brand new, and Fran's M1 Carbine is 70 years old.

**MEMBERSHIP DUES RATES****Dues and Renewal policies are effective September 1, 2003**

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. **Membership fees**, collected at the time of the orientation classes are:

Annual dues \$70.00 for the first member of each household and \$35.00 for each additional eligible member of the household.

Initiation fee (one time) \$80.00 for each household and a refundable gate card deposit fee of \$10.00 for each member.

In addition, each member is expected to devote 8 hours of volunteer service annually or recruit two new members or pay an assessment of \$80.00.

**NRA membership (required)**

**Orientation class (required)**

**(GUESTS:** Members may bring their spouses and children under the age of 18 years old **as guests** as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)

**NRA CLUB AFFILIATE BENEFITS**

Free listing of events on NRA website; discount on range technician team & service; attorney referral service; non-legal advice for legal problems; NRA attorneys pro bono for national concern issues; eligible to apply for \$5,000 grant annually; \$10 reimburse for each new NRA member; \$5 reimburse for each returning member; "Club Connection" quarterly magazine; eligible for NRA firearms insurance.

## Hard at Work

John Wicklund and I have had some great response from the guys who wish some Assessment hours. The club is looking a lot better also. Our loggers really did a number on the roads and trails around the club. You can see several wood piles here and there. We will work at moving them to the wood shed in a club work party most likely in the first half of June. There is some chainsaw work. I would like to see a couple of guys get involved with these for my peace of mind and safety. Bob Greenman has a several items to do including painting. The club sign at the road needs the posts painted. Our Assessment List John is handling. Many of the jobs don't come out in the Plinker. I relay work to John and he tells everyone on the list the work. Those that wish the work call or E Mail an answer and they take over the work. I will get a phone call as to how many hours doing what and I send them a card with the hours on it. Call John at 360-438-5971 or Will 360-701-8105

Thanks

Will

## VOLUNTEERS NEEDED

A work party is scheduled for Sunday, August 17, from 9 AM to about Noon, to work on the black powder trail. Meet by the flagpole. Two contact people for this work party are:

Bob Gietz, 360 273 7862

Tim Sampson, 360 264 4243

CAPITOL CITY RIFLE & PISTOL CLUB  
PO BOX 3832  
LACEY WA 98509
