August 6, 2016 Old West Centerfires

The penultimate match of the 2016 Old West Centerfires season saw seven participants present at the CCRP High Power Range. Weather was mild and breezy for a summer day and hot coffee available through the offices of Reliable Tony was quite welcome. Course of fire was total 20 rounds, 10-shots at each range of 100 and 200 yards. The target used at the 100 yard line was the standard 100-yard Muzzle-loading rifle target (with the black covering the 7-ring) and at 200 yards we used the modified Military 200-yard bullseye. These are the same targets that we have been using previously at these distances in this black powder centerfire league. There was one new shooter joining the group: J.R. Ritter, Jeff Ritter's son. And Jerry Mayo was with us for his second match, his first match while using his own rifle. Both enjoyed the match at least as much as the rest of us and they have every intent of participating in the future matches while moving up on the scoring scale. Dave Dolliver scored and assisted in posting scores. Bob DeLisle volunteered his truck to assist in posting targets at the 100 yard range. Participants, equipment and scores, in order of score are:

Allen Cunniff	1874 C Sharps Arms .45-70	90	99 2x	189 3x
Mike Nesbitt	1874 C Sharps Arms .50-70	92	92 2 x	184 4x
Don Kerr	1874 C Sharps Arms .45/90	96 2x	86 x	182 3x*
Bob DeLisle	1874 Pedersoli Sharps .45-70	83	92	175
Jeff Ritter	1874 Shiloh Sharps .45-70	84	80 x	164x
Jerry Mayo	1874 C Sharps Arms .45-70	77	85	162
Sam Snelson	1874 C Sharps Arms .45/100	87 2x	74	161
J. R. Ritter	1874 Shiloh Sharps .45-70	79	73	153

* Don Kerr filed a set of targets fired previous to the match and duly witnessed.

This match used the format of Spotters assisting shooters if desired. About half used this option and it was noted that progress seemed about normal and no detriment occurred. Prizes, in the form of Sharps related merchandise donated by C. Sharps Arms plus additional meat prizes provided by the club were awarded to all shooters. Our next OWCF at CCRP will be held on September 3rd, 2016 on the Black Powder range again and reminders will be sent. Targets will be the double-bullseye buffalo at 50 yards and the 100 yard ML Bullseye at 100 yards. That match will conclude the 2016 season's competition and awards for the season aggregate will be awarded in addition to prizes for that match. For this season's finally we can expect a rather good turnout.

THE DOIN'S AT TENINO, 2016

By Mike Nesbitt

The doin's at Tenino was again the site for the **WSMA Formal Rifle Championships** and this year things were just a bit different. That's because Adam Sampson was the booshway and all of the shooters think he did a very good job. There will be few changes noticed in the scores due to his leadership, but a couple changes are there. Two examples of those changes; the rather unpopular 'hawk & knife match and the stake shoot were both dropped. This was the 39th year for these blackpowder matches, held at the Tenino City Park in conjunction with the town's Oregon Trail Days. Once again, the "formal" part about these matches is based on the fact that this competition is all on paper targets for score and the rifle shooting done here is what makes up the WSMA Rifle Championships.

The shooting line at Tenino, in the City Park

There are other matches held along with the rifle competition, such as a Trade Gun Match and a Pistol Match as well as some one-shot novelty rifle matches which are not part of the championships or the rifle aggregate. Those "other matches" are certainly a good part of these doin's at Tenino.

There is also a Ladies' Match and special matches for the young ones which are not part of the main aggregate. Those other shoots make the Tenino shoots more of a good doin's for the whole family and they certainly add to the fun.

Again, Tom Brown was the range-master and he's a good one. All of the shooters will agree that the time limit of 20 minutes per match is a good idea and most of us had no problems at all in getting off five shots in that length of time. Tom also does a very good job of explaining each target, for each match, so that every shooter has a clear understanding of how the match will be shot, from what distance and what shooting position.

Mike Moran joined us a bit late for any aggregate shooting but he did make some good shots on Sunday in the Trade Gun Match and in the Pistol Match. His pistol shots, with that new flintlock .54, were good enough to put him in 3rd place, winning a certificate.

The Trade Gun Match is always a real attention getter at Tenino and this year we have a new winner. Don Kerr used his long barreled fowler to

Tom Brown calling the shots

outshoot all the others. Don was followed closely by Adam Sampson, just three points behind. And Tim Sampson, Adam's fa-

ther, took 3rd place while scoring only one point behind Adam. That was a rather “tight” match. Those three shooters were all awarded with buffalo powder horns made by Steve Skillman. In addition to the aggregate prizes “off of the blanket” which all shooters receive (if they participate in the aggregate), shooters were awarded WSMA medals for 1st, 2nd, & 3rd in the rifle events, and with certificates in the non-aggregate (non-WSMA) matches.

The aggregate winner this year was JoJo McWhinney and he also won the pistol match. JoJo picked a custom Bowie

knife as his aggregate prize.

Once again, very big, sincere and multiple Notes of Thanks go to

Adam Sampson with the help of Will Ulry and Bob Gietz for being “ramrods” for this shoot. Let’s also mention Jan Sampson who ran the registration tent for these events. There are really a lot more names who should be mentioned and thanked for their participation in helping with the set-up and operation of this event, in addition to those who have donated prizes for either the raffles or the shooting aggregate. Those aggregate prizes are the excellent and varied items that are “for grabs” by all shooters who shoot in the aggregate., are more than enough to be very good “bait” for bringing shooters back to these events in Tenino. Those prizes almost covered the “prize blanket” at the beginning of the awards ceremonies.

The annual shooting matches at Tenino are, like I’ve said before, too good to pass up. Our turnout this year climbed just a little over last year with 35 shooters. That’s nothing like it was several years ago and if more shooters will come to these doin’s, the shoots at Tenino can only get better.

ATTENTION SHOOTERS

The use of armor piercing ammunition and tracer ammunition at Capital City Rifle & Pistol Club is strictly forbidden!

One or more shooters have been shooting the steel gongs at the High Power range with armor piercing ammunition. This ammunition has pierced the AR500 hardened steel gongs. Because of this vandalism, the gongs have been removed.

This past week, shooters using tracer ammunition started a fire in the brush above the 200 yard berm at the High Power range. The Littlerock Fire Department had to respond to put the fire out. This had the potential to become a disaster. We were very fortunate (this time) that the Fire Department was able to put the fire out.

Please read and abide by the range rules posted at each shooting range.

Hunter Sight

The schedule for Hunters Sight In this year is slightly different. We will still have 4 days. We are looking for people to assist hunters. Give me a call or E Mail to sign up. The schedule is 9:00 to 3:00. Dates are September 24th, October 1st, 2nd, and 8th.
