Indoor Air Gun Matches at CCR&P Start in October

There are two types of indoor air rifle matches at CCR&P.

There is Air Rifle Benchrest which is shot from a bench rest at targets 50 feet away. The course of fire is four targets of 25 record shots. Time for each target is 20 minutes. Match is a total of 100 record shots plus any sighters. Shooters compete in two classes; Air rifles that are spring powered (SPR) or by compressed air [precharged pneumatic (PCP) which includes single stroke pneumatic (SSP)].

The other Air Rifle match is a Field Target match which is also shot indoors at 50 feet. The targets are similar to silhouette shooting but have a hole varying in size in which the shooter has to shoot through to trigger a lever the causes the silhouette to fall down. The match is 40 shots for score. The shooters shoot twice at 20 targets. There are two classes; Field Target which is shot from a sitting position and Hunter Field Target where the shooter can use support sticks/cross sticks and sit on a stool.

These events are designed to give air rifle shooters the opportunity to test both the accuracy of their equipment and their individual skills in a friendly, competitive atmosphere away from the outside weather conditions. These events are generally held once a month on Saturdays from October through March. Check the Club's calendar and come on out and give it a try. For information about the Benchrest match contact Harvey Gertson at rabbit65@comcast.net or 360-352-7669; for the Field Target match contact John Mickel at 360-491-0714.

September 2016 Old West Centerfires September 3, 2016

The final match of the 2016 Centerfire season saw seven participants present at the CCRP Black Powder Range. Weather was cloudy and "moist" intermittently which added a smoke clearance dimension to the range work. Hot coffee was available although not in high demand. Course of fire was total 20 rounds, 10 rounds ranges at 50 and 100 yards. The 50 yard target was the double bull Buffalo target and the target at 100 Yards was the standard 100 yard Muzzle loading rifle target. These are the same targets as have been used previously at these distances. Dave Dolliver scored and assisted in posting scores. Participants, equipment and scores, in order are:

Jim Dickerman	1874 Shiloh Sharps 45-70	94 xx	90 xx	184 4x
Allen Cunniff	1874 Shiloh Sharps 45-70	98 x	86	184
Jerry Mayo	1874 C Sharps 45-70		97 xx	86
Mike Nesbitt	C Sharps Low Wall 44-40		94 3x	88 2x
Don Kerr	1874 C Sharps Hartford 45/90		98 3x	81
Jeff Ritter	1874 Shiloh Sharps 45-70	89 x	86	175 x
Bob DeLisle	1874 Pedersoli Sharps 45-70		92 2x	75
				167 2x

This match used the format of Spotters assisting shooters if desired. About half used this option and it was noted that progress seemed about normal and no detriment occurred.

Seasonal aggregate based on best 5 scores of 6 or less matches were computed and awarded. Three of today's competitors benefited from this computation and net additive to their previous accumulations were: Jeff Ritter 11 points, Mike Nesbitt 24 points and Don Kerr, also 24 points. Overall Aggregate with accumulative scores shown were:

Allen Cunniff	933 20x
Jim Dickerman	914 18x
Mike Nesbitt	888 13x
Jeff Ritter	882 6x
Bob DeLisle	875 8x
Don Kerr	854 10x
Sam Snelson	518 6x (not present)
Jerry Mayo	446 2x
Others (not present)	Skip Steinmetz 184 6x; Will Ulry 171 2x; Mike Moran 167 2x; Lew Gaiser 156; J.R. Ritter 153, Chris Steinmetz 143.

Prizes, in the form of Sharps Arms merchandise provided by Mike Nesbitt plus additional meat prizes from the club provided all shooters with prizes for both aggregates. Next OWCF at CCRP will be tentatively November 19 if new schedule is approved on the High Power Range and reminders will be sent. Short discussion on rules modifications led to agreement on trial use of Scope sights conditioned that they are traditional "Malcom" configuration

Calendar Scheduling

Hello All,

It's that time of the year again to get your Event Applications in by the end of November. It's going to work a bit different this time due to the new Web Page and Calendar with it.

As I get the event apps. I will input them to the calendar and you will be able to see it and tell if there is a conflict with your event and someone else's. So Look before submitting and after I let you know I've entered it.

I won't be able to catch conflicts as easily as before. So it's up to you-all.

There won't be a Calendar Review Meeting this time. You're doing it on the web and will have to talk to one another and work it out. Then let me know.

This is the last time for me doing the calendar. I don't like the new calendar. So maybe someone with fresh eyes will love it.

At this point I don't see how it can be put into the Plinker or even print it out.

Doug

ATTENTION SHOOTERS

The use of armor piercing ammunition and tracer ammunition at Capital City Rifle & Pistol Club is strictly forbidden!

One or more shooters have been shooting the steel gongs at the High Power range with armor piercing ammunition. This ammunition has pierced the AR500 hardened steel gongs. Because of this vandalism, the gongs have been removed.

This past week, shooters using tracer ammunition started a fire in the brush above the 200 yard berm at the High Power range. The Littlerock Fire Department had to respond to put the fire out. This had the potential to become a disaster. We were very fortunate (this time) that the Fire Department was able to put the fire out.

Please read and abide by the range rules posted at each shooting range.

Hunter Sight

The schedule for Hunters Sight In this year is slightly different. We will still have 4 days. We are looking for people to assist hunters. Give me a call or E Mail to sign up. The schedule is 9:00 to 3:00. Dates are September 24th, October 1st, 2nd, and 8th.
