Beginner/Immediate Match Results

Saturday, July 13, 2019

The weather was ideal at 8:00 AM to start the Single Action Match, consisting of 6 shooters shooting a total of 75 shots each at 5 different stages (steel, bowling pins, cardboard and paper). When the smoke cleared, Ron Lohman shot a 71, Frank Bennett shot a 69, and Larry Lufkin shot a 65 to bring in 3rd.

The Regular Match started at 9:00 AM following the Safety Meeting. 19 shooters shot the same 5 stages of 75 shots, in addition to a 28 shot "Shoot and Move" tactical course that was timed.

- This Beginner/Intermediate Match is a teaching vehicle that includes learning points for beginners through advanced shooters.
- The "Shoot and Move" course stresses moving down range as fast as you are able, to shoot and reload safely, with a mandatory 3 magazine reload.

At the end of 103 shots: in the Advanced Division, Ron Lohman shot a 101, Frank Bennett shot a 99, and Bob Hom shot a 98. In the Intermediate Division, Larry Schadt shot an 82, Tim Weston shot an 81, Burt Miller shot a 70. In the Beginner Division, Margaret Eby shot a 69, Chuck Schafer shot a 68, and Jason Platter shot a 65.

The NASCAR award for the fastest time through the 28 target "Shoot and Move" course (with no misses) went to Evan Krill at 54.58 seconds, shot with a Glock 45 ACP.

The turnout was great! It was good to see some faces that haven't been with us for some time!! Once again, many thanks to those showing up on Friday morning to set up the match, those who helped run the match on Saturday, and those staying to help put it all away when it was over. None of this would be possible without all of your assistance!

June NRA/CMP Service Rifle Match

On June 23, we held the NRA/CMP format Service Rifle Match for June. We had 6 shooters on the line.

Recently we reversed the course of fire to match what is done in the sanctioned high power matches. We now start with Slow Fire Standing, then Rapid Fire Sitting, Rapid Fire Prone, and end with Slow Fire Prone.

The high scores in each stage were:

Slow Fire Standing Tom Schuettke 92

Rapid Fire Sitting Gary Thorson 100-3X

Rapid Fire Prone Tom Schuettke 96-3X

Slow Fire Prone Tom Schuettke 197-7X

Match winner was Tom Schuettke with a total score of 478-10X. Tom earned 6 more Distinguished points, which qualifies him as a CCR&P Distinguished Rifleman for the 2019 season. Congratulations, Tom!

Gary Thorson shot his first ever "100" score with a 100-3X in Rapid Fire Sitting. Since Gary qualified as Distinguished Rifleman in the last match, his distinguished point for Rapid Fire Sitting went to the next highest score. Tom Schuettke and Kevin Neubert both had 93, so they each got a point. The 2nd place Distinguished point also passed down to Kevin.

RANGE RULES AND ETIQUETTE

The range rules for the High Power Range were updated in December 2018, and the rules for the Multi-purpose Range are currently being updated. Please read and heed the rules during your visits to the range.

There are several reoccurring issues that Members need to correct while using the ranges:

- **Pick up and dispose of your trash.** Leave the ranges cleaner than you found them. There are numerous trash cans available for your trash. Please do not leave target debris on the range.
- **Black Powder Shooters:** Please pick up your used cleaning patches and spent primers.
- **High Power Range Steel Targets:** Your personally owned steel gongs may be placed *only* at the 50, 100, and 200 yard lines. **Only factory manufactured AR-500 hardened steel targets may be used. Homemade steel targets are not allowed.** Please pick up and remove your broken gongs, chains, cables, hardware, etc.
- **NO STEEL TARGETS ARE ALLOWED IN THE PISTOL BAY ADJACENT TO THE HIGH POWER RANGE.** If you would like to shoot steel targets with your pistol, the Action Pistol Range is the place to do that. Please contact the Action Pistol Range Director to make arrangements for access.
- **Contractor Work:** Occasionally, the Board of Directors will hire a contractor to do work on a range or club property. We will post signs when work will be done, but we cannot always give significant advance notice of contractor work. There have been instances where Club Members have refused to quit shooting to allow the contractor access to perform their work. All Club Members are required to yield access and clear the range when contractor work is being performed.

Thank you for your cooperation.

Multi-Purpose Range is Opening

The Multi-Purpose Range is almost ready. Training prior to use is mandatory. You will not be required to be a RSO. A short orientation with some gun handling and you will get a key at no cost to the range. Dan Johnson lives a short distance from the range and he will do this orientation for 5 or 6 pretty much at the drop of a hat. The range is looking great. It is probably the best looking range we have. This orientation is a CLUB requirement. All members, including the Board members, will need the orientation. Drop Dan a line and come shooting.

Assessment List

John Wickland and I have established a list of members who wish to work off their assessment of \$80 per year. As reported a major share of members do not work for assessment hours but pay the \$80 happily. It is a big money maker for the club. There are members that \$80 is more dear to them and happily spend some time doing some things around the club. Dan Johnson just put out a request to those individuals for a work party at the Multi Purpose range. There were no responses. I appears we need a new list. Dan is the new director of the Multi Purpose Range and has approval to spend some money sprucing up the range. The parking lot is already re-graved. Paint and signs are next. He wishes to open the range to the club. BUT with no help it may take longer to get it done. Call John at 360-438-5971 or Will 360-701-8105 to get it done, be on the list, and make improvements to allow club shooting on the Multi Purpose Range.
