Many Rivers Rifle Frolic

The turnout was pretty light this year. But the straw vote of members decided we would try it again next year. We will shift the time to the 3rd weekend . There are some other Rondes and activities that conflict. Weather was damp at night but even the flint shooters didn't have any problems during the day. Apparently there was a significant thunder and lightning Saturday night but not enough to wake me. Yer supposed to sleep at night. Prizes at 2:00 Saturday were awarded the following.

Jerry Zumbuhl Top Aggregate
Rich :Pogue
Kim Harrison
Gary Emberly
Jerry Charlton
Gary Gerard
Dave Martin
Kathy Fabion
John Rhodes
Will Ulry
Clarence Atchinson
Bob Gietz
Scott Isom
Frank Poncerof

After prizes the novelty shoots started. The first was the Derringer under the table shoot at the Gamble. Will won this one. The Squirrel Gun was next. 8 shooters shot in this one. Clarence won with a 1 7/16", then Jerry Z with the same measurement but further from the black. 3rd was Rich with a 1 13/16" all good targets.

Jerry C. came up with the next one. It was a 4 shot match. The target was divided and each round had to be in only one quadrant without touching the dividing line. If you touched the dividing line you were disqualified. John was first with 34, Clarence was 2nd with a 23 every one else was disqualified. That was it for Saturday.

Sunday everyone showed at 9:00 for more shooting. John went to extreme and banged up his truck . That kept him in Aberdeen. Hie wasn't hurt but the guy that ran the red light was embarrassed.

The Wood Chuck was first. Jerry C, was first with a 46, then Will with a 42, followed by Clarence with a 42, then Gary and 37.

The Blood target was next . The target scored highest without hitting the catchup pack in the middle. If you hit it you bled and disqualified. Gary won with 37, will #2 with 20 everyone else DQed. The last was the liars match. We started at the firing line. We were shooting at a can of beer at 100 yards. We all walked till some said they could hit it. There were 2 beers. Jerry C. popped his about 50 yards and will got his about 40 yards. Everyone else lied. That was it for shooting.

All of these matches were blanket shoot. We placed a prize on the blanket and top shooters choose first and etc. That was it. I would like to thank Bob Jamison for his kitchen. We all ate well. That is another thing that will go away next year. Bob just worked too much for the light turnout.

OLD WEST CENTERFIRES

By Bob Gietz

For this first Saturday in August we had just eight shooters because we lost a couple of our competitors to other activities. But we still have a very good match with some interesting outcomes. And we had a new rangemaster for this match when Tom Brown came to 'run the range' as well as to keep track of our scores.

Will some of this black powder cartridge shooting "rub off" on to Tom? We can quickly guess that it will. Tom is looking into getting a .45/70, perhaps a rolling block, as this report is being made.

Now for a rundown on our shooting for this Old West Centerfires match.

Allen Cunniff was our top shooter and that is certainly no surprise. He usually does very well and once again he was shooting his favorite '74 Sharps Sporting Rifle from C. Sharps Arms in .45/70 caliber. Allen's two targets were almost twins, getting a score of 94 on each of them although his 200 yard target did score a 94 with one "X." I can quickly point out that Allen shot the high scoring target at 100 yards.

"Loco Jeff" Ritter used his Remington rolling block in .45/90 to place second again. His 100 yard target showed a very tight group that was just slightly off-center, very good shooting. And with the 96 he scored at 200 yards, his placing 2nd could not be disputed.

In 3rd place for this match was Don Kerr, making an impressive come-back to the world of good Sharps shooting. Don used his C. Sharps Arms Hartford Target Rifle in .45/90 to shoot an 86-X at 100 yards followed by a 97-X at 200 yards. Don had the highest scoring 200 yard target.

Bob DeLisle placed 4th this time and he nicely raised his scores while still shooting paper patched bullets through his Pedersoli .45/70. Now he's using the Postell style bullets from the Steve Brooks mould he bought from Steve on the Vendors' Row at Quigley. Bob was followed in score by Jeff R. Ritter (the younger) who was shooting the Sharps in .40/65 and doing very well at 100 yards with a score of 91-2X, the 2nd highest score at 100 yards. Jeff should be getting his own new rifle from C. Sharps Arms before the next Old West Centerfires season starts and we'll have to see how that new gun treats him.

Dropping down to 6th place was Mike Nesbitt, shooting his heavy .44/77. Mike's story was that he had been "playing" with the windage setting on his rear sight and had not "zeroed" it again before shooting for score. That means he had to make at least four sight adjustments while shooting at his 100 yard target, and it shows. Mike got things more or less back in the groove before shooting a 94-X at 200 yards.

Jerry Mayo was playing with two different bullet styles, trying to decide which he prefers, and that might have "helped" him drop down to 7th place. Jerry was followed by Wes Davis who is still trying to make friends with his rather new C. Sharps Arms Hartford Target Rifle in .45/70.

While I've given you a rundown on the shooting for this match, indicating who did well and who did even better, let me point out that there was no bad shooting done at all. Our shooters did rather well and these 100- and 200-yard matches, even though they are considered as "short range," are very demanding. Even more demanding is the "after aggregate" match at the gongs where Allen Cunniff "took all the money" by getting all five hits at the 200-yard buffalo and three more hits offhand at the 100-yard bucket.

Now those metal targets are sporting larger 6 ½" white circles making them easier to see at a distance. The beat up buffalo and bucket will be freshly re-painted to be ready for the next match on September 7th.

Continued Page 4

Next month we'll shoot the Old West Centerfires match that will conclude the matches for our 2019 season. That's a match our shooters don't want to miss because we will award match prizes plus more prizes for the yearly aggregate. That's also a very good match for a first-timer to join us because they'd get to see how our "system" works as well as witnessing or taking part in some good shooting. See about shooting with us.

THE DOIN'S AT TENINO, 2019

By Mike Nesbitt

This year the turnout for the doin's at Tenino improved but just slightly. But the few added shooters weren't the big news. The shooting was all re-arranged. We started with the Trade Gun match on Saturday morning, then the pistol match followed by the novelty matches. That was all done in an hour and a half and most of the shooting for the day was concluded. There was a stake shoot, which I didn't see, and the 'public shooting' where on lookers could fire a muzzle-loading rifle on Saturday afternoon. So, there were other things to do. Then the WSMA Formal Rifle Championships were held on Sunday morning and those five matches were completed before noon. I'd say the new shooting Horns donated by Steve Skillman schedule, which seemed awkward at first, is a good move and our shooting was done before the day got really hot. Adam Sampson was the booshway once more and he did a terrific job. Tom Brown was our Range Safety Officer again. This was the 42nd year at Tenino. Competition was stiff, as it usually is, and the shooter with the most points from Sunday's rifle matches was Tim Sampson. Adam Sampson won the Trade Gun match, getting first choice from the three buffalo powder horns made and donated by Steve Skillman, and Jojo McWhinney won the pistol match (again). Once more, sincere and multiple Thank you's go to Adam Tim Sampson, Rifle Champion Sampson with the help of Will Ulry. More names should be mentioned and thanked for their participation in helping with the set-up and operation of this event, in addition to those who donated prizes for either the raffles or the shooting aggregate. The schedule changes that were made should put the doin's at Tenino in a better light, hopefully to draw more shooters.

MEMBERSHIP DUES RATESDues and Renewal policies

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. **Membership fees (taxes are additional)**, collected at the time of the orientation classes are:

Annual dues **\$70.00** for the first member of each household and **\$35.00** for each additional eligible member of the household.

Initiation fee (one time) **\$80.00** for each household and a refundable gate card deposit fee of **\$10.00** for each member.

In addition, each member is expected to devote 8 hours of volunteer service annually or recruit two new members or pay an assessment of **\$80.00**.

NRA membership (required)**Orientation class (required)**

(GUESTS: Members may bring their spouses and children under the age of 18 years old **as guests** as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)

Multi-Purpose Range is Opening

The Multi-Purpose Range is almost ready. Training prior to use is mandatory. You will not be required to be a RSO. A short orientation with some gun handling and you will get a key at no cost to the range. Dan Johnson lives a short distance from the range and he will do this orientation for 5 or 6 pretty much at the drop of a hat. The range is looking great. It is probably the best looking range we have. This orientation is a CLUB requirement. All members, including the Board members, will need the orientation. Drop Dan a line and come shooting.

Assessment List

John Wickland and I have established a list of members who wish to work off their assessment of \$80 per year. As reported a major share of members do not work for assessment hours but pay the \$80 happily. It is a big money maker for the club. There are members that \$80 is more dear to them and happily spend some time doing some things around the club. Dan Johnson just put out a request to those individuals for a work party at the Multi Purpose range. There were no responses. I appears we need a new list. Dan is the new director of the Multi Purpose Range and has approval to spend some money sprucing up the range. The parking lot is already re-graved. Paint and signs are next. He wishes to open the range to the club. BUT with no help it may take longer to get it done. Call John at 360-438-5971 or Will 360-701-8105 to get it done, be on the list, and make improvements to allow club shooting on the Multi Purpose Range.
