

# The Plinker

## MISSION STATEMENT

*The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.*

## Wednesday Night Indoor .22 Rifle Instructional League

Do you want to practice and improve your rifle shooting during the cold, dark, rainy winter? Well, we have a deal for you.

Every Wednesday evening at 6:30 PM beginning in October and running through the end of March, we will be opening the Indoor Range for .22 rifle shooting. This will be for CCRP Club Members only. The gate will not be locked open, and you will need your key card to get in. There is no charge for this event, and targets will be provided. When we run out of targets, we'll all chip in to buy some more.

This will be a semi-formal shooting session on the Indoor Range, with targets at 50 feet. NRA certified Range Safety Officers will be present to run the line. We usually run four 10-minute firing sessions, with plenty of time between sessions to change targets, chat with your friends, and warm up next to the wood stove. We typically shoot prone, sitting, kneeling, and standing positions. But you can shoot any position you wish.

You can use any .22 rifle you wish; .22 short, long, or long rifle. No magnums, please. Open sights or scope. If you use a semi-auto rifle, please remember that this is target shooting, so no "Mag-dump blasting" will be allowed.

Starting in January, several of the regular shooters will form a team to participate in the National Rifle League postal league competition. You are welcome to join the team, or if you want to just come and shoot for fun, that's fine.

The course of fire for the league is all slow fire, 10 shots in 10 minutes. We shoot four 10-minute stages; prone, sitting, kneeling, and standing. Scores are submitted online to the league web site. There are usually around 35 teams from all over the U.S. and Canada participating in the league.

Come out and join us. It sure beats watching TV.

## **The Clubhouse is being plumbed and the bathrooms remodeled Status update**

This project began September 4<sup>th</sup>. To date, we have completed the framing for the replacement of the wall between the two bathrooms. A big **THANK YOU** to Chris Moffett, Charlie Travaglione, Mark Brown, Bob Jamison, and Gary Thorson for putting in 8 1/2 hours to get this big piece of the project done.

The next steps in the project are to have the plumber and electricians do their rough-in work before we can start closing up the walls.

As of right now, we do not have any dates for when we will need to have club volunteers come back for additional work. Contact Chris Moffet or Gary Thorson through the club's website Contacts page to get on the list. As soon as we have the schedule figured out, I will send an email out to all of you to let you know. Now is the time to get your assessment hours worked off!

Thanks,  
Gary

## **Volunteer Time**

John Wickland and I have accumulated a list of individuals that wish to have some volunteer time to credit their assessment hours. From the last few times I have forwarded jobs that need work there have been no volunteers. It accrued to me that maybe the guys have their hours in or maybe a new list needs to be made for these potential workers. As it stands there is a major project in the club house. A plumbing contract is underway and painters, sheet rock placement, carpenters, and miscellaneous other work is needed. Dan Johnson is heading up another project on the Multi Purpose range. We have other work also. If you wish to be on this list to work let me know. If you call and leave a message I need your name , phone # and email address.

Will Ulry  
360-701-8105

## **Published Notice of an Amendment to the Club Bylaws**

This notice will be published for three months in the Plinker and on the club website in accordance with CCRP Bylaws. A vote by the full Board of Directors will follow at the first meeting after the three months.

A clarification is needed in paragraph G of Article IV and is added as the ending sentence of paragraph G as follows:

“Work hours and certifications are to be recorded on the assessment work hours card and the original submitted by the member, completely filled out, with the member’s annual dues and proof of NRA membership upon receipt of their annual invoice.”

While the assessment deduction for new member recruitment has been in effect for some time now, the decision was never voted into the club Bylaws. The following paragraph is to be placed at the end of paragraph G under Article IV.

“Members may reduce their annual assessment of \$80.00 by recruiting new members who join the club. The reduction is \$40.00 per new member and is limited to two reductions per calendar year. Accordingly, two new members will bring the recruiting member’s assessment to a zero balance for that member’s calendar year and will be credited to the member’s account for the anniversary following the recruiting. Recruiting assessment reductions are applicable only to assessments, will not apply to dues, are not transferable nor do they roll-over to the following year if more than two new members are recruited in one year. The recruiting and proof of the new member’s completion of the New Member Orientation can be recorded on the assessment work hours cards, certified by the NMO instructor, the club Training Officer, or a member of the Executive Committee, and then submitted by the recruiting member with their annual dues and proof of NRA membership.”

For questions and comments, contact the club president, Chris Moffet, through the contacts link on the club website,  
[www.ccrpclub.org](http://www.ccrpclub.org)

5Aug2020

**13<sup>th</sup> Annual**  
*"You'll Shoot Your Eye Out"*  
**Daisy Red Ryder BB Gun Tournament**

**Sunday, December 6, 2020**  
**Starting at 2:00 p.m.**

**Capitol City Rifle & Pistol Club – Indoor Range**  
**14318 Littlerock Rd. SW, Rochester, WA 98579**

### **Event Highlights**

- 50 rounds of standard copper BB's (Provided by CCR&P)
- One sight-in target plus 5 competition targets
- Free hot dogs, hot chocolate and coffee
- The "Christmas" Story movie will run from 2:30 to 4:00 p.m.
- Candy Cannon after the movie
- Awards and prizes for all attendees
- Special prize for Best Dressed Cowgirl & Cowboy

### **Tournament Rules**

- \$15 for 1 adult & 1 youth; \$10 single adult; \$5 single youth; maximum fee of \$25 per family
- Children **MUST** be accompanied by an adult
- BB Guns shall be 1938 Red Ryders (loaner BB Guns available)
- Age Groupings: 6 and under; 7 & 8 yrs; 9 & 10 yrs; 11 & 12; 13 thru 16 yrs; adults; adult/youth (under 16) team
- **COVID-19 practices will be enforced with face masks and social distancing required at all times**

This event is sponsored by Capital City Rifle & Pistol Club

For more information call Will Ulry at 360-701-8105

## August Service Rifle Match

Well, we know who the top 4 hard core rifle shooters are. Where were the rest of you people?

Results of the Service Rifle Match:

TGT	NAME	RIFLE TYPE	Prone Slow Fire	Prone Rapid Fire	Sitting Rapid Fire	Standing Slow Fire	TOTAL	Match Place	Distinguished Points
1	Gary Baldwin	M1A open sights	165-1X	79	68	49	361-1X	4	2
2	Gary Thorson	M1A open sights	164-1X	84	93-1X	89-2X	430-4X	2	N/A
3	Tom Schuettke	AR-15 w/4X scope	197-9X	100-3X	96-2X	92-1X	485-15X	1	N/A
4	Ken Horton	AR-15 M4 w.4X scope	179-2X	89-1X	85	48	401-3X	3	5

Gary Baldwin, Gary Thorson, and Tom Schuettke shot the Gong Challenge.

Gary T. and Tom tied with 6 hits each, Gary Baldwin had 2 hits.

For the shoot-off, Gary T. and Tom took 2 shots kneeling at 100 yards. Each had 2 hits.

For the 2nd shoot-off, they took 2 shots standing at 100 yards. Each had 1 hit.

For the 3rd shoot-off, they took 2 shots sitting at 200 yards. Tom won with 2 hits to Gary's 1 hit.

Tom won the whopping \$3.00 pot.

For the Carbine match, we re-used our 300 yard reduced targets from the main match, only at 50 yards. After all, they only had 10 holes in them. We have to be good stewards of our resources.

## CCRP Board of Directors

September 15, 2020

7:13 p.m. meeting called to order by Chris Moffet. Flag salute led by Tom Brown.

Roll call by Brian Erickson. Those present: Brian Erickson, Gary Thorson, Bob Jamison, Chris Moffet, Terry McManus, Will Ulry, Doug Simpson, Mike Nesbitt, Skip Gardner, Jerry Mayo, Tom Brown, Tom Witt, Richard Schneider, Dan Johnson, Larry Balestra, Richard Flynn.

Chris M. No Treasurer's report today.

Board elections today. Members up for election run opposed.

Hunter Education position is vacant.

Multipurpose Range baffle repair discussed.

Will U. BB gun shoot planning meetings progressing well.

Hunter sight-in for first & second weekend of October is ready. Have coaches lined up, and planning a barbeque.

Richard S. Discuss hold open gate code & swing gate.

Bob J & Chris M. Discussed three bids for bath flooring & 4' up wall covering. Will U. motioned to accept

Great Floors estimate for installation & materials not to exceed \$6,000.00. Richard S. seconded the motion, board vote: all "aye".

Next New Member Orientation will occur on October 17th.

CCRP Calendar meeting will meet in November.

Brian E. read back the meeting minutes. No changes or corrections. Doug S. motioned to accept the minutes as read, Tom W. seconded the motion. Board vote: all "aye".

8:07 p.m. Larry B. motioned to adjourn. Tom W. seconded the motion. Board vote: all "aye"

## Do you need assessment hours?

We need some help. Multi-purpose range baffles are in need of repair. Planning on work about the middle of October 2020, not sure of the date at this time. Will need workers plus some tools. Ladders, flat pry bars and battery powered screwdrivers/drills. Interested, contact:

Dan Johnson (360)359-0811  
MP Range Director  
Safety First - Safety Always

## OLD WEST CENTERFIRES

By Jerry Mayo

With only two matches left until the end of the Old West Centerfire 2020 season, eight shooters showed for this 6th match of the year in an attempt to elevate that cumulative total. We continue to take the necessary precautions to prevent the spread of Covid-19 virus. Social distancing and appropriate face covering were utilized as dictated by our elected officials. We appreciate and want to thank Mr. Dan Johnson for serving as our Range Safety Officer for the day.

Shooting the black powder cartridge rifle (BPCR) offers us a unique glimpse into the past. Today's shooting is not as utilitarian as in the old days since we now have the modern convenience of retail stores. However, our present shooting elevates this discipline to achieve optimum accuracy. And in this game you have to work for accuracy. I was once told, as it concerns BPCR, any difference makes a difference. This is very true and can be extremely frustrating at times. For example, with all else being equal, different primers can change you bullet velocity as much as 50 feet per second. Weighing bullets is a universally accepted technique for improving accuracy. The author Paul Matthews, speaking of weighing bullets, said it is useless to weigh your bullets if you are not casting premium bullets. An in depth look at "premium bullets" is beyond the scope of this article but the point is relevant to our discussion. You must be able to produce bullets free of voids or not trimmed crooked in a lube sizer or any other fault that would make your bullet not like the others or your weighing is a waste of time. This is certainly not an off the shelf activity. There are hundreds of things that make BPCR a finicky endeavor. And perfect for those who like to tinker with technicalities. Makes you wonder how the old timers did it. Yet success will do what success does. Provide satisfaction by way of results. Be it at 200 yards, 600 or 1000 yards. Satisfaction of a well placed shot makes it all worth it.

Today we started without the blinding, mirage and glare generating sunshine of recent days. A nice soft overcast made for good "seeing" to begin the match. Albeit fleeting as the sun had worn through by the end of the shooting. Scores were generally higher for this match than our last. The match consisted of the usual ten shots at 100 yards, single bullseye target and ten more at 200 yards to a 200 yard single bull target. The 200 yard target provided the higher scores on this day with a top score by Ken Kurfurst at 98-3X!

Allen Cunniff was our number one overall shooter for the day using his 1874 C. Sharps .45/70 to post a total score of 194-9X. Ken Kurfurst achieved nice results from his No. 5 Remington Rolling Block in .45/90, a beauty indeed, and was in 2<sup>nd</sup> place with an overall 191-3X. Mike Nesbitt came in 3<sup>rd</sup> with his 1874 C. Sharps Hartford in .44/77 affectionately known as "Hefty Hannah" scoring of 185-2X. Loco Jeff's Sharps did not perform as well as last month but still brought him in at 4<sup>th</sup>. Jerry came in at 5<sup>th</sup> with his 1874 C. Sharps .45/70. In 6<sup>th</sup> with a 172-2X was Curt, shooting a borrowed .50/70. Bob DeLisle and Wes Davis tied with aggregate scores of 157-X and Bob won the tie breaker by having the better score at 200 yards. All scores are as follows:

### Scores for this Match

<u>Name</u>	<u>Rifle/Cartridge</u>	<u>100 vd.</u>	<u>200 vds.</u>	<u>Total</u>	<u>Accum</u>
1 <sup>st</sup> Allen Cunniff	1874 C. Sharps Arms .45/90	97-4X	97-5X	194-9X	753-21X
2 <sup>nd</sup> Ken Kurfurst	No.5 Rem Rolling Block .45/90	93	98-3X	191-3X	191-3X
3 <sup>rd</sup> Mike Nesbitt	1874 C. Sharps Arms .44/77	89-2X	96	185-2X	870-9X
4 <sup>th</sup> Loco Jeff Ritter	1874 C. Sharps Arms .45/90	80	98-X	178-X	921-17X
5 <sup>th</sup> Jerry Mayo	1874 C. Sharps Arms .44/70	85-X	90	175-X	858-7X
6 <sup>th</sup> Curt Lokovsek	No.5 Rem Rolling Block .45/90	79	93-2X	172-2X	172-2X
7 <sup>th</sup> Bob DeLisle	1874 Pedersoli Sharps .45/70	63	94-x	157-X	842-6X
8 <sup>th</sup> Wes Davis	1874 C. Sharps Arms .45/70	80	77-X	157-X	788-2X

### Not shooting in this match

Don Kerr	358-5X
Jeff (Doc) Ritter	334-X
Kent Dunn	514-X
Will Ulry	144
Tom Brown	162
Phil Wiebe	191

Continued Page 6

Our after-aggregate match was once again switched up this month. This time we shot at gongs at 50 and 100 yards and only black powder lever action “camp guns” were allowed. The order of fire was 5 shots at the steel octagon at 100 yards using cross sticks and 5 shots at the Quigley style bucket from 50 yards off hand.

Allen Cunniff had the oldest style lever action represented, an Uberti Henry in 44-40. Wes Davis and Jerry Mayo were shooting The Winchester Rifle (copies of the 1866). This is what the Winchester Model 1866 was commonly referred to as it was the first therefore the only Winchester rifle at the start of its production. Both are Uberti’s. Wes shot .45 Colt and Jerry 44-40. Mike Nesbitt shot his Uberti 1873 Winchester sporting rifle with a 30” barrel. Quite a looker. (The rifle that is.) Jeff Ritter had the only original 1873 Winchester on the firing line, chambered in 38-40. Bob DeLisle was shooting his EMF 1892 Winchester in .45 Colt. Many of the rifles were sporting period correct tang sights such as Lyman and Marbles. What a great turnout of old west lever action rifles.

Congratulations to Allen Cunniff for the win by posting an almost perfect score of 9.

#### Scores and calibers for the Revolver Match

1 <sup>st</sup> Allen Cunniff	.44-40	9
2 <sup>nd</sup> Mike Nesbitt	.44-40	8
3 <sup>rd</sup> Bob Delisle	.45 Colt	8
4 <sup>th</sup> Jerry Mayo	.44-40	4
5 <sup>th</sup> Loco Jeff Ritter	.38-40	3
6 <sup>th</sup> Wes Davis	.45 Colt	3

It was a great day of shooting. Our next Old West Centerfires match will be on November 14<sup>th</sup>, our last match of the season with both match prizes and aggregate prizes.

## September M1 Garand Match

The U.S. Rifle Cal. .30 M1 Garand is quite capable of operating in dense fog and smoke. It has done it thousands of times at places all around the world. But the 3 riflemen who showed up to “hold the line” at the September M1 Garand match quickly discovered that you can’t hit what you can’t see. 200 yards was not visible. At 100 yards you couldn’t see a target. And 50 yards was hazy. The 3 on the line kept waiting for reinforcements, but no one showed up.

After holding for as long as we could, it was time for action. Hoping that conditions might improve, we started off with the .22 rapid fire silhouette match. Even that was difficult as you could barely see the fluorescent orange and green pigs out at 75 yards. But after two times through, the match winner was Tom Schuettke with the fastest time of 1:12 to knock down all 25 targets. 2nd was Gary Thorson with a time of 1:50, and 3rd was Gary Baldwin with 2:54.

Conditions had not improved, and we knew we couldn’t press on to 200 yards. “Sniper engagement” of the gongs was impossible as well. We decided that the best we could do was some close quarters shooting. So we set up some of the old, obsolete “5V” 100 yard military targets at 50 yards and ran a 20 round offhand match - 2 strings of 10 shots in 10 minutes each. The old “5V” targets had 5 points assigned to the bullseye, with a V in the center instead of the usual X. A 10 shot string carries a maximum of 50 points, and the maximum total for this match was 100 points. These targets were replaced by the typical “10-X” targets in 1967. So these yellowed and crumbling targets have been around for a while.

## DO NOT SHOOT AT ROCKS

We are continuing to see evidence that people are shooting at rocks on the high power range and the pistol bay. Additionally, people are shooting at the large concrete ecology block next to the culvert at the 100 yard line.

### **THIS PRACTICE IS ABSOLUTELY UNACCEPTABLE!**

Shooting at rocks and concrete WILL cause ricochets. We cannot have bullets ricocheting around or potentially leaving the club property.

**READ THE RANGE RULES.** You may only shoot at targets authorized in the range rules. All bullets **MUST** impact the berms.

Anyone caught shooting at rocks, concrete, or any other unauthorized targets will be brought before the Board of Directors for disciplinary action.

Gary Thorson, Vice President

## RSO list

I have included the current RSO list. There are a lot of holes in it. The club is putting on shoots. Event Applications are pretty slow coming in this year due to the virus. The matches still require an RSO for the matches. So #1 Event apps are not being put in and #2 you all are not renewing your credentials and or putting them on file with the Safety Officer/me.

The following is a list of card carrying RSO card holders. If your name isn't there and you want to be, give me a copy of your card. If your name has a blank behind it your card is out of date or you haven't sent me a current card. Anyway I don't have it. It's that time of the year Event Applications are coming in. If your name is on an Event Application I need to have your card current.

Will Ulry

### MEMBERSHIP DUES RATES Dues and Renewal policies

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. **Membership fees (taxes are additional)**, collected at the time of the orientation classes are:

Annual dues **\$70.00** for the first member of each household and **\$35.00** for each additional eligible member of the household.

Initiation fee (one time) **\$80.00** for each household and a refundable gate card deposit fee of **\$10.00** for each member.

In addition, each member is expected to devote 8 hours of volunteer service annually or recruit two new members or pay an assessment of **\$80.00**.

**NRA membership (required)**

**Orientation class (required)**

**(GUESTS:** Members may bring their spouses and children under the age of 18 years old **as guests** as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)

### **NRA CLUB AFFILIATE BENEFITS**

Free listing of events on NRA website; discount on range technician team & service; attorney referral service; non-legal advice for legal problems; NRA attorneys pro bono for national concern issues; eligible to apply for \$5,000 grant annually; \$10 reimburse for each new NRA member; \$5 reimburse for each returning member; "Club Connection" quarterly magazine; eligible for NRA firearms insurance.

## Election time for Club Positions

The club's general elections are coming up in December and there are positions coming open. Anyone who wants to be more involved in the club's operations needs to notify myself or the club secretary through the club website contact page.

Thank you,  
Chris

## Hunter's Sight In

The dates this year for the sight in will be October 3rd, 4th, 10th, 11th. No virus in the woods. We have several guys on the list for assisting. That doesn't mean we can't crowd someone else in for assessment time. It would seem that advertisement for the sight in is a weak spot. If anyone has some interest here I would give assessment time for that work too.

Will  
360-701-8105

## George Stenson Multi-Purpose Range

"Limited Access Range"

Orientation and Familiarization: Discuss range rules and capabilities and that you are familiar with and can safely use a firearm. Second Sunday of every month – 11:30 to 12:30 a.m. Bring with you, eye and ear protection, 22 rimfire anything legal or pistol caliber pistol. Can't make Sundays? Call Dan Johnson, MP Range Director at (360)359-0811.
