

# The Plinker

## *MISSION STATEMENT*

*The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.*

## **Published Notice of an Amendment to the Club Bylaws**

This notice will be published for three months in the Plinker and on the club website in accordance with CCRP Bylaws. A vote by the full Board of Directors will follow at the first meeting after the three months.

A clarification is needed in paragraph G of Article IV and is added as the ending sentence of paragraph G as follows:

“Work hours and certifications are to be recorded on the assessment work hours card and the original submitted by the member, completely filled out, with the member’s annual dues and proof of NRA membership upon receipt of their annual invoice.”

While the assessment deduction for new member recruitment has been in effect for some time now, the decision was never voted into the club Bylaws. The following paragraph is to be placed at the end of paragraph G under Article IV.

“Members may reduce their annual assessment of \$80.00 by recruiting new members who join the club. The reduction is \$40.00 per new member and is limited to two reductions per calendar year. Accordingly, two new members will bring the recruiting member’s assessment to a zero balance for that member’s calendar year and will be credited to the member’s account for the anniversary following the recruiting. Recruiting assessment reductions are applicable only to assessments, will not apply to dues, are not transferable nor do they roll-over to the following year if more than two new members are recruited in one year. The recruiting and proof of the new member’s completion of the New Member Orientation can be recorded on the assessment work hours cards, certified by the NMO instructor, the club Training Officer, or a member of the Executive Committee, and then submitted by the recruiting member with their annual dues and proof of NRA membership.”

## LET'S BE CAREFUL OUT THERE

We discovered a bullet hole in the rain gutter at the front of the High Power Range firing line shed. The bullet went through the bottom of the rain gutter, and out the front side. Which means that the bullet landed somewhere in Thurston or Lewis counties. We cannot have bullets leaving the range. Please be careful out there.

Thank you.

*"You'll Shoot Your Eye Out"*

***Regrettably, the annual BB Gun Tournament has been canceled.***

### Wednesday Night Indoor .22 Rifle Instructional League

Do you want to practice and improve your rifle shooting during the cold, dark, rainy winter? Well, we have a deal for you.

Every Wednesday evening at 6:30 PM beginning in October and running through the end of March, we will be opening the Indoor Range for .22 rifle shooting. This will be for CCRP Club Members only. The gate will not be locked open, and you will need your key card to get in. There is no charge for this event, and targets will be provided. When we run out of targets, we'll all chip in to buy some more.

This will be a semi-formal shooting session on the Indoor Range, with targets at 50 feet. NRA certified Range Safety Officers will be present to run the line. We usually run four 10-minute firing sessions, with plenty of time between sessions to change targets, chat with your friends, and warm up next to the wood stove. We typically shoot prone, sitting, kneeling, and standing positions. But you can shoot any position you wish.

You can use any .22 rifle you wish; .22 short, long, or long rifle. No magnums, please. Open sights or scope. If you use a semi-auto rifle, please remember that this is target shooting, so no "Mag-dump blasting" will be allowed.

Starting in January, several of the regular shooters will form a team to participate in the National Rifle League postal league competition. You are welcome to join the team, or if you want to just come and shoot for fun, that's fine.

The course of fire for the league is all slow fire, 10 shots in 10 minutes. We shoot four 10-minute stages; prone, sitting, kneeling, and standing. Scores are submitted online to the league web site. There are usually around 35 teams from all over the U.S. and Canada participating in the league.

Come out and join us. It sure beats watching TV.

## DO NOT SHOOT AT ROCKS

We are continuing to see evidence that people are shooting at rocks on the high power range and the pistol bay. Additionally, people are shooting at the large concrete ecology block next to the culvert at the 100 yard line.

### **THIS PRACTICE IS ABSOLUTELY UNACCEPTABLE!**

Shooting at rocks and concrete WILL cause ricochets. We cannot have bullets ricocheting around or potentially leaving the club property.

**READ THE RANGE RULES.** You may only shoot at targets authorized in the range rules. All bullets **MUST** impact the berms.

Anyone caught shooting at rocks, concrete, or any other unauthorized targets will be brought before the Board of Directors for disciplinary action.

Gary Thorson, Vice President

## RSO list

I have included the current RSO list. There are a lot of holes in it. The club is putting on shoots. Event Applications are pretty slow coming in this year due to the virus. The matches still require an RSO for the matches. So #1 Event apps are not being put in and #2 you all are not renewing your credentials and or putting them on file with the Safety Officer/me.

The following is a list of card carrying RSO card holders. If your name isn't there and you want to be, give me a copy of your card. If your name has a blank behind it your card is out of date or you haven't sent me a current card. Anyway I don't have it. It's that time of the year Event Applications are coming in. If your name is on an Event Application I need to have your card current.
