The Plinker

MISSION STATEMENT

The object of this organization shall be the encouragement of organized rifle, shotgun and pistol shooting among residents of our community, with a view toward better knowledge on the part of citizens of our community of the safe handling and the proper care of firearms, and the development of those characteristics of honesty, good fellowship, self discipline and self reliance that are the essentials of good sportsmanship and the foundation of true patriotism.

Rock Throwen, Stick Throwen All club Work Party.

April 6th at 8:00, it all starts in the Kitchen with breakfast. Every year our mowing season starts with getting debris off the mowing areas. Mole hills and downed trees must be removed before the work begins. You will need hand clippers of all sizes; a flat nose shovel would be handy. Some trees will have to be removed by trailer to the dump site. I understand we are having a ham and egg breakfast. I am thinking about 60 will show for eatings. We will have a short orientation on club equipment after we eat. A number of clip boards will be available for sign ups so we have all areas covered. Some Range Officers will have some tasks to do also. So their clip boards will be there too. Spring is the time that mowing starts. Limbs, over hanging branches, mole hills and debris are an aggravation for mowers. There will be list available for other work items. We are looking for additional volunteers for mowing also, please call. Please give me a call so I can have a good number available for planning breakfast. Please note, the monthly Black Powder Shoot will be occurring during the clean-up. The black powder range will be in use from 0900 to 1500 hours. The other ranges will be closed.

Old West Centerfires

By Jerry Mayo

For this month's match these Black River Buffalo Runners went back to building their yearly aggregate scores. The course of fire was our standard aggregate setup which consists of ten shots at 100 yards at a single-bullseye target, then ten more shots at a 200-yard single bullseye target. The targets may be shot in any order the shooter chooses. Cartridges must be loaded with black powder and lead cast bullets. Shooting is done from the seated position with cross-sticks. And as we continue to modify and improve our transition to a relay system suitable to this match, I want to thank all these Buffalo Runners for their cooperation. Everyone understood the task and executed flawlessly. Not a single shooter failed to fire the required number of rounds within the allotted time. Very well done. It was a beautiful day for shooting and that's just what these boys did. So, let's see how it all played out.

Our club safety officer, Tom Brown, served as the Range Safety Officer for this event. The usual suspects were present to call relays and run registration, scoring and prize tables. We thank y'all for that. Also, I want to pass along thanks to Dan Johnson. During a recent match we had a couple of well-intentioned club members show up and begin shooting on a range that had previously been reserved. I became aware of this after the shooting had started. When I spoke to them and explained the situation they were understanding and after waiting for a period of time, inherited the range. It's always best to check the club calendar and see if your range is open.

Ken Kurfurst's 100-yard target.

For the after-match this month we pulled out old favorites, the steel buffalo at 200 yards and the bucket-gong set-out at 100 yards. It's winner take all but this time two shooters tied for the lead. They decided to split the pot rather than have a shoot-off. So, hearty congratulations go to Dick Elliott and Jim Haeckel as the winners. That was some mighty fine shooting.

Check the CCRP calendar at ccrpclub.org for more black powder shooting opportunities.

MEMBERSHIP DUES RATES
Dues and Renewal policies

Members will receive a statement 45 days before their membership expires. (Your renewal month is found on your mailing label.) The dues renewal date is the last day of the month in which members' "annual date" falls. Members' gate card will automatically "lock out" on their renewal date if they have not renewed, and their membership will be considered "inactive" for 30-days, during which time they may still pay their dues. After 30-days on "inactive" status the membership will be terminated. Should they wish to rejoin CCR&P past the 30-days "inactive" status, they must reapply as a new member and attend the Orientation class. **Membership fees (taxes are additional)**, collected at the time of the orientation classes are:

Annual dues **\$80.00** for the first member of each household and **\$45.00** for each additional eligible member of the household.

Initiation fee (one time) **\$80.00** for each household and a refundable gate card deposit fee of **\$10.00** for each member.

In addition, each member is expected to devote 8 hours of volunteer service annually or recruit two new members or pay an assessment of **\$80.00**.

Orientation class (required)

(GUESTS: Members may bring their spouses and children under the age of 18 years old **as guests** as often as they'd like. Non-immediate family member guests are limited to two visits annually. Members **MUST** accompany their guests at all times, including spouses and children, and are responsible for the conduct of their guests.)
