October's Lever Gun Match

By Tom Witt

October brings cooler weather and sometimes fog. This didn't dampen the enthusiasm of our 11 shooters who showed up for this month's lever-gun match. We shoot this match with ammunition loaded with black powder and cast lead bullets. It's a fun way to remember the 1870s.

We arrived ready to shoot paper targets at distances ranging from 25 to 75 yards. With the help of cross-sticks, there were some impressive scores turned in.

Beginning with our favorite "turkey" target at 25 yards, we did our shooting offhand. Bob Delisle showed us how this was done, with his Model 1892 Winchester in .32-20 caliber, by shooting a score of 95-XX. He was followed by Jerry Johnson, using a Model 1873 in .44-40, who shot a 91-X. Third place went to Mike Holeman with another .44-40, shooting a score of 86.

Next was the double-bull buffalo shot from the sitting position over cross-sticks at 50 yards. Allen Cunniff, with his iron framed Henry rifle in .44-40, inched passed me with a score of 91-X. My score, with my '73 in .44-40, was just one point behind Allen's at 90-X. Third-place at 50 yards went to Bob Delisle with a score of 88-XX.

The 75-yard target wrapped things up for the lever guns with a single bull buffalo target shot from the sitting position again, with cross-sticks. The sun had decided to come out very brightly from behind the trees and make it VERY difficult for us to see the targets. With the bright sun, combined with the lingering smoke from all the black powder guns, it's a wonder we hit our marks at all. Jerry Mayo stepped up, in spite of the challenges, shooting his Model 1866 in .44-40 caliber, with the highest 75-yard score of 85-X. Jerry was followed by Allen Cunniff who scored an 82. Finally, we have Jerry Johnson with a, not too shabby, score of 76-X.

Our after match was held after we were finished shooting with the lever guns. We dusted off our .22 rifles for this match and shot at the standing bear target in honor of our friendly black bear that has been spotted on the range several times over the summer and as recently as October 1st. Allen Cunniff took the winnings with a score of 94-5X. Mike Nesbitt and I were close behind with scores of 91-4X and 91-5X respectively. Unfortunately, there are no winnings for second or third in this "winner-take-all" competition.

I would like to thank everyone who participated and helped with scoring and such. A special thanks to Mike Nesbitt and the Black River Buffalow Runners for providing the blanket prizes.

We're all looking forward to next month's Lever-gun match! If you have an interest in lever guns, firing black powder loads, we would love to see you there.

The most important Club Shoot The BB gun shoot!

The BB Gun shoot is the only Family activity we have in the club. This is the 16th year of the BB Gun Shoot. I literally have several families that return each year for the shoot. This year it is 1 December. The shoot runs from 2:00 till 6:00. It is a family activity. So junior to Grama can join in. Grama actually won it last year. You will shoot 60 rounds of copper BB"s from a Daisy Red Ryder. You will be fed hot dogs and hot chocolate. Coffee is always on hand. The cost is being worked out as we speak. Donations are being accepted. There will be prizes for everyone. We generally give away 6 Daisys each year plus many other items. We are asking for volunteers. A couple are needed in the kitchen, registration needs two. To assist and oversee the shooting several are needed to keep an eye on the shooters to help more than anything. We need an RSO to run the range.

Give me a call.

Opening

Barry, Thom and I would like to give Harry a big Thank You. Harry has done the major part of our routine and extra maintenance on our club equipment for several years. Harry is retiring from the task. With that to get this done we need a volunteer to accomplish this work. Please contact one of us if you are willing.
